Admission to the University of Tennessee, Knoxville

Applications, credentials, and inquiries should be directed as follows:

For admission to all undergraduate programs, including the University Evening School:
Director of Admissions
The University of Tennessee
Knoxville, Tennessee 37916
(615) 974-2184

For readmission of former undergraduate students:
Director of Readmissions
The University of Tennessee
Knoxville, Tennessee 37916

For admission to the College of Law (see College of Law Bulletin for information on admission to the College of Law):
Dean, College of Law
The University of Tennessee
Knoxville, Tennessee 37916

For admission to the Graduate School (see Graduate School Catalog for information on admission to the Graduate School):
Graduate School
The University of Tennessee
Knoxville, Tennessee 37916
(615) 974-3251

For admission to the Colleges of Basic Medical Sciences: Dentistry, Medicine, Nursing (except Knoxville School of Nursing), and Pharmacy, and programs in the allied health professions, administered by sections for that of regulations established by the Board of Trustees. Basically, these regulations state that: (1) students receiving support from their parents are residents of the same state as their parents, and (2) students independent of parental support may establish Tennessee residency for fee purposes by living in Tennessee for at least a year before applying for admission to the University and by proving, to the University's satisfaction, that they came to Tennessee for reasons other than obtaining an education for themselves or their spouses.

A student's residency classification for fee purposes also determines whether the student will be considered under in-state or out-of-state admissions requirements. Children of alumni and scholarship recipients are admitted under the same requirements as in-state students, even though they may be required to pay out-of-state tuition. Inquiries concerning residency should be addressed to the Director of Admissions.

Admission to the University's professional programs (health professions [see p. 155], law, etc.) is becoming increasingly restricted to Tennessee residents. An out-of-state student completing a pre-professional program at The University of Tennessee, Knoxville does not gain preferential priority in admission to a professional program.

Units—Entrance requirements are stated in terms of units. A unit represents nine months of study in a subject of secondary school, constituting approximately a quarter of a full year's work. A four-year secondary school curriculum should be regarded as representing sixteen units of work as a minimum.

Unit Requirements—For admission sixteen units, with high school graduation, are required as specified on the following pages. Graduates of Tennessee high schools must present one unit in American history or take a comparable course during the first year in college, with college credit.

Unit Requirements for Individual Programs

A number of programs offered by the University require specific high school units for admission beyond the general University admissions requirements. These are shown in Table II.

Special Requirements for International Students

In making application for admission to undergraduate study, each international student will be required to provide the following:

1. A completed application for undergraduate admission;
2. Authenticated copies of all academic records. These records should describe the courses of instruction in terms of years spent in school and types of subject matter covered, with grades earned in each subject;

<tr>
<td>TRANSFER In-State</td>
<td>At least 12 hours of college credit work at an accredited institution of higher learning; honorable dismissal from all such institutions attended; grade point average on all college work attempted at least the minimum that the University of Tennessee requires of its own students for readmission (see Undergraduate Academic Continuation, page 20 of this catalog).</td>
</tr>
<tr>
<td>TRANSFER Out-of-State</td>
<td>Same as for in-state transfer applicants except that grade point average on all college work must be at least 2.00 to be eligible for consideration. Eligible students will be screened by the Committee on Admissions for final decision.</td>
</tr>
<tr>
<td>SPECIAL STUDENT</td>
<td>Applicant’s high school class must have graduated; may not be candidate for bachelor’s degree; must show satisfactory evidence of preparation for courses attempted. Special students may accumulate no more than 90 hours of college credit toward a degree (including any previous college work). To enroll in a degree program, a special student must meet transfer admissions requirements. Former University of Tennessee students may not be admitted as special students unless they have already earned a bachelor’s degree.</td>

Remarks

A second unit of algebra may be offered in lieu of geometry.

These units allow admission to first-year pre-architectural programs. Admission to the second year requires: (1) satisfactory completion of pre-architectural program with grade point average at least 2.0; (2) a personal interview and evaluation of applicant's work by a member of the School of Architecture; (3) application to the School of Architecture no later than June 15 preceding the start of the second year.

A unit of advanced mathematics or trigonometry may be offered in lieu of the second unit of algebra or the unit of geometry.

A second unit of algebra may be offered in lieu of geometry.

Three units of science, including physics, are recommended.

A second unit of algebra may be offered in lieu of geometry. See College of Liberal Arts Section, page 153, for discussion of language requirements.

A second unit of algebra may be offered in lieu of geometry; a unit of history or social science is required.

A second unit of algebra may be offered in lieu of geometry.

A second unit of algebra may be offered in lieu of geometry. One unit of chemistry is recommended.
3. All international students whose native language is not English must present their scores on the Test of English as a Foreign Language (TOEFL) before they are admitted. Final consideration cannot be granted until test results are received by the Director of Admissions.

NOTE: All international students whose native language is not English must also take an English Proficiency Examination after they arrive at the University. Students will be placed in appropriate English courses based on the results of this examination.

Advanced Standing by Examination

Students at The University of Tennessee, Knoxville may accelerate their programs through credit by examination. To receive such credit, a student must be regularly enrolled at the Knoxville campus.

ADVANCED PLACEMENT EXAMINATIONS

Students who satisfactorily pass Advanced Placement Examinations prepared and administered under the auspices of the College Entrance Examination Board are eligible to receive credit in courses offered by the College of Liberal Arts on the basis of such tests. In each case the final decision as to whether or not credit is to be given on this basis rests with the appropriate department, as does the determination of the number of credit hours and the specific courses for which such examinations are to be taken as evidence of acceptable proficiency. Participating departments are Botany, Chemistry, Classical Languages, English, German, History, Mathematics, Physics, Romance Languages, and Zoology.

PROFICIENCY EXAMINATIONS

Proficiency examinations for advanced standing are offered in the Colleges of Agriculture, Business Administration, Education, Engineering, Liberal Arts, and Home Economics, and in the School of Nursing (Knoxville). A student may obtain the privilege of taking proficiency examinations on recommendation of the head of the department and approval of the Registrar. See additional discussion on page 21.

Additional Requirements for Registration of Admitted Students

EVIDENCE OF GOOD HEALTH

(1) Physical examination by a licensed physician, (2) tetanus immunization which is up-to-date, and (3) chest X-ray or tuberculin test. These requirements exist for the protection of all students. They are to be completed and approved by the applicant's doctor on the physical examination form which is sent to admitted students. This form must be returned to the Student Health Service before enrollment.

PARTICIPATION IN ORIENTATION

Beginning freshman and transfer students are required to attend an orientation session prior to their first registration at the University. Schedules for these programs are mailed to admitted students by the Dean of Student Conduct and Orientation. Orientation programs are designed to help new students become acquainted with opportunities and services at the University, and to provide information needed for registration.

Faculty Advising

Once students are admitted, the University accepts certain responsibilities for their guidance and placement in order that they may secure the greatest benefit from their university work. At registration each student is assigned to a member of the faculty, who acts as the student's advisor. The duties of the advisor are to assist the student in selecting subjects to ensure a well-rounded education, and to aid the Student Counseling Center in interpreting the University's requirements. The responsibility for the selection of courses rests, in the final analysis, upon the student, and it is not the province of the advisor to refuse approval of a course which the student selects. Similarly, it is the full responsibility of all students to meet the requirements of their courses of study in their proper order, so that they may not in the senior year find themselves ineligible for graduation. At the opening of each quarter students are urged to consult their advisors concerning their choice of studies. They are also urged to confer with their advisors frequently during each quarter. Students also have the privilege of consulting with the Dean of their college. All beginning students, and former students whose grade point averages are below 2.00, must obtain advisor approval of their course selections at registration.

The Colleges of Business Administration, Education, and Liberal Arts have established advising centers where students may go at any time for advice on academic matters. The Student Counseling Center, Temple Court, is available to any student desiring help with individual or personal problems. Facilities are also available for improving reading skills and study habits. Students may go to the Center themselves or they may be referred by members of the faculty.

General Academic Regulations

Credit Hours, Grades, and Grade Point Average

The basic unit of credit at The University of Tennessee, Knoxville, is the quarter hour. This normally represents one hour of lecture or recitation or two hours of laboratory work per week. Each course at the University carries a number of quarter hours of credit specified in the course description. At the completion of each course, a student will be assigned a grade reflecting the student's performance in the course. Passing grades normally carry with them a certain number of quality points per quarter hour of credit in the course. A student's grade point average is obtained by dividing the total number of quality points the student has accumulated by the total number of quarter hours the student has attempted, not including hours for which grades of N, NG, P, S, SI, and W have been received.

Undergraduate students are graded on the following scale:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Performance Level</th>
<th>Quality Points Per Quarter Hour of Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Superior</td>
<td>4</td>
</tr>
<tr>
<td>B</td>
<td>Good</td>
<td>3</td>
</tr>
<tr>
<td>C</td>
<td>Satisfactory</td>
<td>2</td>
</tr>
<tr>
<td>D</td>
<td>Below Average</td>
<td>1</td>
</tr>
<tr>
<td>F</td>
<td>Failure</td>
<td>0</td>
</tr>
</tbody>
</table>

Graduate students taking courses for graduate credit may also receive grades of B+ (3.5 quality points per quarter hour of credit) and C+ (2.5 quality points per quarter hour of credit).

Law Students are graded on a numerical scale from 0.0 to 4.0. Quality points per quarter hour of credit in a given course are equal to the numerical grade received in the course. Grades of 0.5 and below count as failures.

TEMPORARY GRADES

A student receiving a grade of I or SI should arrange with the teacher to take whatever action is needed to remove the grade at the earliest possible date, and in any event, within two years after the course was attempted. A student need not be enrolled at the University to remove a temporary grade.

I (incomplete) is assigned to a student whose work is satisfactory but who has failed to complete a laboratory, shop, or other parallel exercise. The grade of I may also be assigned by any faculty member to students who appear to be deficient in their usage of English in the course, but otherwise passing; the grade of I is removed when the Committee on Student English certifies to the instructor that a student has made the necessary improvements.

SI (incomplete) is assigned when the work is satisfactory but when a portion of the course is not completed. The grade is awarded only in courses where S/NC grading has been elected. The grade of SI for incomplete work will be recorded as an SI, which is not computed in the average.

GRADES THAT DO NOT INFLUENCE GRADE POINT AVERAGE

The grades of N, NG, P, and W carry no quality points, but hours on which these grades are earned are not counted in computing a student's grade point average. Hence these grades have no effect on grade point average.

NC (no credit) indicates lack of progress on an intermediate quarter of a course approved by the Undergraduate Council or Graduate Council to extend beyond one quarter (see P below). At the end of the last quarter of such a course a final grade and the total credit hours will be recorded for the course. The grade of N is also used to indicate lack of progress on a graduate thesis or dissertation.

NC (no credit) indicates failure to complete a course satisfactorily when taken on an S/NC basis.

NG (no grade) indicates failure to complete a course satisfactorily for graduate students. P (pass) designates a passing grade without further indication of performance level. It may be awarded to students who take courses on a pass-fail or pass-no grade basis. The grade of P also indicates satisfactory performance on an intermediate quarter of a course approved by the Undergraduate
A senior who receives the grade of I in any subject will request on the instructor, be given the opportunity to remove the deficiency before the close of the quarter, but not later than the last day before commencement, providing that successfully passing these courses will make him/her eligible for graduation.

ENGLISH PROFICIENCY

Students are expected to maintain a satisfactory standard of oral and written English throughout their college programs. Any student may be reported by a member of the faculty for examination in English, and, if found deficient by the Committee on Student English, as required to take without credit such further work as the Committee may direct. To facilitate the reporting of students deficient in English, faculty members may simply check the column headed “English” on the quarterly grade sheets. A student checked by any faculty member will be required to remedy the deficiency through work in the Writing Laboratory. Remedial work in the laboratory shall be scheduled as soon as possible after the student has been notified of his deficiency and shall continue until the student’s performance in English has been declared satisfactory by the laboratory instructor, or both.

Changes in Registration

Mid-Term is an announced date midway between the beginning and ending days of classes each quarter or session (35 calendar days after the beginning of classes, except for summer sessions). Prior to Mid-Term, undergraduate students may withdraw from classes specified below. Providing space is available and prior to the third meeting of the class, students may add courses without the permission of the head of the department. Students may not add courses after the second meeting of a class without permission of the instructor of the course and the dean of the college in which the student is enrolled. Change of sections must be approved by the department head or the instructor of the class the student wishes to enter.

All official withdrawals from the University are made through the Office of Special Services. It is important that all students who leave the University prior to the completion of a quarter report their withdrawal to this office.

Widrawing from University before Mid-Term (35 calendar days). If an undergraduate student officially withdraws from the University before Mid-Term (for summer quarter drop deadlines, see summer quarter timetable). A drop form must be executed by the student and submitted to the Registrar. Prior to Mid-Term neither the instructor’s nor the advisor’s permission is required. A course dropped during the first five class days in any quarter will not appear on the student’s permanent record. Graduate students should consult the Graduate School Catalog for regulations concerning the dropping of courses.

Dropping Courses or Withdrawing from the University after Mid-Term (35 calendar days). An undergraduate student withdrawing from a course or from the University, after Mid-Term will receive the grade of “F” unless it can be clearly demonstrated that one of the following conditions exists:

- a. illness or injury of the student, as verified by the student’s health service or private physician;
- b. serious personal or family problems as verified by the student’s parents, minister, physician, etc.;
- c. necessary change in work schedule as verified by the student’s employer;
- d. change of major, which requires that the course that the student wishes to drop would not normally be used in satisfying degree requirements. Acceptance of the student into the new program should be verified by the dean of the college administering the program;
- e. financial inability to continue at the University, or;
- f. call to active military service.

A student will not be permitted to drop a course after mid-term simply to avoid a poor grade.

A student wishing to withdraw from a course, or from the University after the withdrawal deadline, must present a request, together with evidence of extenuating circumstances, to the Office of Special Services. If the request is approved, this office will notify the Registrar, who will enter the grade(s) of “W” on the student’s permanent record.

Graduate students should consult the Graduate School Catalog for regulations concerning the dropping of courses and withdrawal from the University.

Course Numbers And Levels

Each course offered by the University is identified by the name of the department offering the course and a four-digit course number. These numbers indicate course level, as follows.

<table>
<thead>
<tr>
<th>Course Numbers</th>
<th>Level</th>
</tr>
</thead>
<tbody>
<tr>
<td>0000-0999</td>
<td>Non-credit; preparatory</td>
</tr>
<tr>
<td>1000-2999</td>
<td>Lower division—primarily for freshmen and sophomores</td>
</tr>
<tr>
<td>3000-4999</td>
<td>Upper division—primarily for juniors and seniors; usually available for graduate credit; when taken for graduate credit, the letter “U” will precede the course credit hours on the grade report</td>
</tr>
<tr>
<td>5000-5999</td>
<td>Graduate; sometimes available for undergraduate credit; when taken for graduate credit, the letter “U” will precede the course credit hours on the grade report</td>
</tr>
<tr>
<td>6000-6999</td>
<td>Advanced graduate; open to graduate students only</td>
</tr>
<tr>
<td>7000-7999</td>
<td>From the University to other qualified students</td>
</tr>
</tbody>
</table>
To be eligible for upper-division work a student must have attained junior (third-year) status, as defined in the following section, unless approval is granted by the dean of the student's college. This rule applies to transfers, as well as those who have previously attended the University. A cumulative grade point average of at least 2.00 is required to begin upper-division work.

**Classification**

Undergraduate and law students are classified according to the chart above, on the basis of quarter hours passed. To be considered as a full-time undergraduate student in any quarter, a student must be enrolled in 12 quarter hours. (Audit hours are not considered in this computation.) For the summer quarter, an undergraduate student must be enrolled in 6 quarter hours each six-weeks term to be classified as full time for the term.

**Teacher Certification**

Teacher certification is a responsibility of the College of Education of The University of Tennessee, Knoxville. Students desiring certification must meet general education, professional education and area specialization requirements described in the College of Education section of this catalog. In keeping with requirements of the Tennessee Department of Education, programs leading to teacher certification include a nine (9) hour requirement in Health or Physical Education.

**Honors Courses**

Courses specifically designated as honors courses will be designated "Hon." Individuals selected on the basis of ACT scores and previous academic performance may be enrolled. There is no limit on the number of credits that may be earned in these courses except in the senior readings courses not requiring regular class attendance; these senior readings courses may total not more than nine hours credit toward graduation. (In the fields of science offering four-hour courses the total may be twelve hours.)

There is also a non-departmental honors course open to a limited number of freshmen entering in any college.

**Auditors**

Students registered for credit courses may enter classes as auditors, subject to the approval of the instructor whose class is visited. Auditors are under no obligation of regular attendance, preparation, recitation, or examination. They receive no credit. They may not take part in class discussion or laboratory or field work.

Students not registered for credit courses may be admitted as auditors only with the consent of the Director of Admissions; they are required to register, pay the fees for auditors, and to have class cards for the courses they elect to attend.

**Minimum Class Size**

An undergraduate course will not be given for fewer than five students except by permission of the Vice Chancellor for Academic Affairs.

**Undergraduate Academic Continuation**

To be eligible to continue at The University of Tennessee, Knoxville, an undergraduate student must maintain a cumulative grade point average at or above the minimum acceptable level shown in the following chart.

<table>
<thead>
<tr>
<th>Total Quarter Hours Attempted</th>
<th>Minimum Acceptable Grade Point Average</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 - 35.9</td>

<tr>
<td>36 - 83.9</td>
<td>1.50</td>
</tr>
<tr>
<td>84 - 149.9</td>
<td>2.00</td>
</tr>
</tbody>
</table>

A student whose grade point average falls below this minimum acceptable level in any quarter will be placed on academic probation for the subsequent quarter. During the probationary quarter the student must attain the minimum acceptable average shown, or a 2.00 average for that quarter, or be dropped from the University.

A student who has attempted over 150 hours will be dropped for graduation requirements only, except when on academic probation. Such students, if on academic probation, must attain a cumulative average of 2.00 or a 2.00 for that quarter, or be dropped from the University.

A student who has been dropped from the University for the first time or who has been absent must make application for readmission. Readmission is not automatic. Application must be made at least six weeks before registration. The Committee on Readmissions may approve or refuse the application for readmission. Students are strongly encouraged to appear in person before the Committee on Readmissions.

A student who has been previously dropped and readmitted will be placed on academic probation. Failure to meet the regular University standards of retention during the probationary quarter or subsequent quarter will result in the student's being dropped from the University and required to remain out of school for at least three quarters before becoming eligible to apply for readmission.

A transfer student who is conditionally admitted and fails to meet the regular University standards during the probationary quarter or subsequent thereto will be dropped from the University and may not make application for readmission for three academic quarters.

Freshmen who enter as probationary students and fail to meet the requirements of their probationary admission are not permitted to apply for readmission for three academic quarters. Full committee approval is required for further enrollment.

**GENERAL POLICIES**

A. Any student who attains a quarterly average of 2.00 may continue in residence at the University, even though the cumulative average does not meet the minimum acceptable level above.

B. Summer is considered a regular quarter in determining absence from the University.

C. The quarter hours attempted in determining continuation are used for readmission purposes only. Pass/Fail, Satisfactory/No Credit, and Pass/No Grade hours are included in hours attempted but excluded in determining minimum cumulative grade point average and requirements for retention and graduation.

D. Students who transfer to other accredited colleges or universities must submit an acceptable grade point average before gaining regular admission to the University. To register for credit or audit courses in any branch, center, or division of the University controlled by the Knoxville campus, a student must meet the admission or readmission regulations that govern courses for credit at the Knoxville campus.

Correspondence courses are open to students regardless of admission or readmission status.

F. A student will not be readmitted when the record indicates a very low probability of success in college work. In its review of an application, a Committee on Readmissions shall consider the applicant's total record, including the academic record and other factors which may be expected to influence academic performance.

G. No student refused by the Committee on Readmissions may be permitted to re-enter the University without the approval of the Committee.

H. There will be no tentative readmissions. A transfer student, The University of Tennessee, Knoxville, is committed to helping students overcome academic deficiencies. A letter advising of academic probation will be sent at about the same time as the quarterly grade report. This letter will advise the student to see his/her dean before completing registration for the probationary quarter.

**General Requirements for a Bachelor’s Degree**

To receive a bachelor's degree from The University of Tennessee, Knoxville, a student must complete all of the following requirements.

1. Complete satisfactorily all requirements of the curriculum for which the student is enrolled, as described in the portion of this catalog devoted to the college or school offering the curriculum. Curricular
requirements change frequently, and students should note the caution on the sequential courses in this catalog. A student is allowed to satisfy requirements for a bachelor’s degree under any curriculum in effect during the student’s attendance at UT Knoxville. Provided the curriculum has been in effect within ten years of the date of graduation. This does not obligate the University to offer a discontinued course. Other sets of requirements will be available upon approval of the student’s faculty adviser and college dean, in consultation with the Registrar’s Office. A student who transfers to UTK subsequent to prior enrollment at a community college, junior college, or another senior institution may elect the UTK catalog in effect at the time of enrollment or the department in which the student enrolled at UTK within one year after the last period of study at the university from which he or she is transferring.

2. Maintain a cumulative grade point average of at least 2.00 on all college work attempted at all institutions attended.

3. Maintain a grade point average of at least 2.00 on all work attempted at The University of Tennessee.

4. Maintain a grade point average of at least 2.00 on the last 45 hours (last three quarters as a minimum) of work at The University of Tennessee.

5. Complete the last 90 hours of credit offered for the bachelor’s degree at an accredited senior college.

6. Complete the last 45 hours of credit offered for the bachelor’s degree in residence at The University of Tennessee, Knoxville. In the College of Agriculture at least twenty-seven quarter hours of upper division technical agriculture approved by the student’s faculty adviser must be completed at The University of Tennessee, Knoxville. In the College of Home Economics, the last six quarters must be completed at The University of Tennessee, Knoxville. Work taken for credit through the University’s Continuing Education program that is approved by the faculty of the Knoxville campus may be counted as part of this requirement, with the exception of the correspondence credit limitation noted below. Special arrangements to allow work taken at other University of Tennessee campuses to be counted as part of this requirement must be approved by the dean of the student’s major college or school.

7. Satisfy all financial obligations (fees or fines) owed to the University.

8. Pay to the Treasurer’s Office a $10.00 graduation fee no later than the beginning of the quarter the student plans to graduate.

9. File an application for a degree with the Office of the Registrar, Room 209 Student Services Building, no later than six weeks before the date the student plans to graduate.

SECOND BACHELOR’S DEGREE

A student who holds a bachelor’s degree may receive a second bachelor’s degree from The University of Tennessee, Knoxville, by satisfying the following requirements.

1. Meet all requirements for both degrees, as specified above.

2. Complete at least forty-five quarter hours beyond the first bachelor’s degree.

3. Attend the University for at least three quarters beyond the minimum time required for the first bachelor’s degree.

Seniors Eligible for Graduate Credit

A senior at The University of Tennessee, Knoxville, who needs 45 quarter hours or less to complete the requirements for a bachelor’s degree, and has at least a 3.00 grade point average, may take sufficient work for graduate credit to fill out a schedule of 15 hours of combined undergraduate and graduate work per quarter, subject to the approval each quarter of the Vice Chancellor for Graduate Studies and Research.

Correspondence Work

The candidate may offer by correspondence as much as one-fourth of the total hours required for the degree sought and have this work count toward the degree. Credit for undergraduate courses in correspondence may be counted toward the major subject(s) of the degree only if the course is at least one-quarter level or higher and is approved by the college or department. Correspondence credits are not recognized by the College of Law or—except by prior permission—by the Medical Unit.

A senior may take only nine hours of the last year’s work (the last forty-five hours offered for the degree) by correspondence, and this must be taken with The University of Tennessee, Knoxville. If the candidate is a senior transfer, no work may be taken by correspondence or extension.

Students taking work for certification purposes should consult the State Department of Education of their respective states concerning the amount of extension and/or correspondence credit allowed for a teacher's certificate.

All courses taken by correspondence for which degree credit is given must meet degree program requirements of the Knoxville campus.

Proficiency Examinations

Any student may apply for proficiency examinations in selected undergraduate subjects in the Colleges of Agriculture, Business Administration, Education, Engineering, Home Economics, and Liberal Arts, and in the School of Nursing (Knoxville). A student applying for a proficiency examination should present evidence that he or she has developed the abilities and attitudes expected of students who have taken the course involved. The application must be approved by the department offering the course. A fee of $10.00 will be charged per course. A student who obtains a proficiency exam is allowed a choice of taking the grade on the exam (A, B, or C) or taking an S as credit in the course. Exception to this is when a proficiency course is graded only on an S/NC basis. By taking an S a student would not affect the grade point average. The maximum credits obtainable through proficiency examinations and the use of proficiency examinations to remove failing grades (also the grade of I) are determined by the department offering the proficiency examination.

When approved by a given department, nationally recognized examinations, such as the appropriate subject examinations of the College Level Examination Program (CLEP) of the College Entrance Examination Board, may be used as proficiency examinations in one or more courses offered by that department. In such cases the final decision as to whether or not credit is to be given on this basis rests with the department awarding credit, as does the determination of the number of credit hours and the specific courses for which such examinations are to be taken as evidence of acceptable proficiency. The University will charge a fee of $5.00 for the evaluation of such an examination.

Honors Categories for Graduation

The diplomas of graduating seniors show honors categories based on the following scale:

- "honors" 3.00 through 3.39
- "high honors" 3.40 through 3.74
- "highest honors" 3.75 through 4.00

These honors categories are based on a student’s cumulative average at the end of the quarter preceding the graduation quarter. The honors category is also based on both the average earned at UT, Knoxville and the combined average on all college work attempted, with the lower of the two averages determining the honors category.

If, at graduation, a student’s cumulative grade point average would allow a higher honors category than that determined at the end of the quarter preceding the graduation quarter, the student may, upon written request, receive a substitute diploma indicating the higher category.

Accelerated Program

The University operates on a four-quarter plan, and a majority of its courses, especially at the lower division, are offered every quarter. Through appropriate arrangements of courses and attendance during the summer quarters, students may frequently complete their degree programs in less than four years. A student’s faculty adviser should be consulted for assistance in planning an accelerated program.

Personnel Forms

Each candidate for a degree may file personnel material with the Bureau of Personnel Service. The services of the Bureau are available to all candidates for degrees during the year prior to the payment of the graduation fee and thereafter. The payment of the graduation fee qualifies the student to all alumni privileges for the two-year period immediately following graduation.

Advanced Military Science and Air Force Aerospace Studies

Students who elect to enroll in the advanced military courses (junior and senior years) are obligated by written agreement.
with the government to complete the courses and to accept a commission if tendered.

Fees and Expenses

Maintenance Fee. All students, including both in-state and out-of-state, are required to pay the established maintenance fee.

Tuition. Tuition is free to residents of Tennessee. However, tuition is required of all students who are classified as non-residents for fee assessment purposes.

Classification for Fees. A student's classification is determined primarily by the domicile of his parents. Exceptional cases are given special consideration and are determined on the basis of the particular circumstances in each case. Any student who is classified as an out-of-state student may request that his classification be reconsidered. When additional information concerning a student's classification is available, the student should provide the Office of the Dean of Admissions with this information.

Student Hospitalization and Medical Insurance. The University makes available, by contract with an insurance company, group hospitalization insurance expressly for students. Changes in the group plan may be authorized by the University after annual review depending on prevailing hospital costs in the Knoxville area.

As would be expected with a large student group contract, a low premium cost for the individual student is obtained. Students are urged to avail themselves of this insurance, or other comparably adequate insurance, since the paying for hospital care is the student's own responsibility.

Information about the insurance is mailed by the company to the student's home and his participation is solicited. Enrollment in the insurance program remains open for a designated period after classes begin. The student wishing to avail himself of this insurance after arriving on the campus may
obtain the application from the Office of Student Health Services. Whether application is made from his home or from the campus, the student applies directly with the Knoxville agent of the insurance company. Enrollment in insurance is not a part of registration for classes.

NOTE: Some family policies do not cover the dependent child after his nineteenth birthday. The family hospitalization insurance policy should be reviewed from this aspect.

Military Deposits. All students registering for Air Science and members of the band are required to make a deposit of $35.00 each to cover damage to or loss of property issued to them. The unused portion of the deposits will be returned to the students after completion of training.

Identification Card. ID cards, issued to all students, are prepared during registration of the first quarter a student enrolls in the University and are validated quarterly thereafter. These cards are required for many purposes such as use of library facilities, check cashing facilities in the UT Bookstore, and admission to various athletic, social, and cultural events. These cards are not transferable and may not be duplicated. IDENTIFICATION CARDS MUST BE CARRIED AT ALL TIMES FOR PURPOSES OF IDENTIFICATION. Lost or stolen cards should be replaced by contacting the Student ID Card Office at Room 342, University Center.

University Fees

University fees are determined by the Board of Trustees and are subject to change without notice. The general fees in effect at the time of publication are as follows:

DELAYED REGISTRATION SERVICE FEE

Graduated Late Service Fee $2.00 per day

Students (including Law College students) who pre-register and for whom a class schedule (either complete or partial) is available on the regular registration dates must pay their fees (or make satisfactory arrangements with the Treasurer's Office) on these dates. Effective the first regular business day (excluding Saturday, Sunday, and any holidays) following the last regular registration day a graduated late service fee of $2.00 per day will be charged during the next ensuing five regular business days. ($2.00 first day, $4.00 second day, $6.00 third day, $8.00 fourth day, and $10.00 fifth day.)

Students who do not pre-register but register through the "secondary" registration procedures will be granted two additional days after the final regular registration day to pay their fees before the graduated late service fee begins. Such students will be charged the graduated late service fee beginning with the third regular business day following the last regular registration day. (Minimum charge $8.00 third day, $8.00 fourth day, $10.00 fifth day.)

Additional Late Service Fee $10.00

All students who have not completed registration and paid their appropriate charges (or made satisfactory arrangements with the Treasurer's Office) within five regular business days after the last regular registration day will be charged an additional $10.00 late service fee (total $20.00).

This $10.00 service fee is also applicable to delays in payment occasioned by checks which fail to clear the bank on which drawn, and to room and board charges which are not paid (or satisfactory arrangements made for deferral) within five regular business days after registration or assignment date, whichever is later.

Reinstatement Service Fee $10.00

Students who have not completed registration and paid their appropriate charges (or made satisfactory arrangements with the Treasurer's Office) within ten regular business days after the last regular registration day may, at the discretion of the University, be automatically withdrawn from the University. A student withdrawn for such reason will be assessed the appropriate fees as of the date dropped. Students in this category would either fail to withdraw or after withdrawal, may be permitted to continue their enrollment will be charged a $10.00 reinstatement service fee in addition to the other service fees set forth in the previous paragraphs (total $30.00).

All students are required to have a validated fee receipt to complete the registration procedure. This includes graduate and teaching assistants and others whose fees may be billed, prepaid, or waived. Delayed registration service fees are also applicable to such students.

No student is authorized to attend classes who has not obtained a class schedule from the Office of the Dean of Admissions and validated fee receipt from the Treasurer's Office.

The failure of students to pay their debts or other obligations to the University or any component thereof when due may result in denial of registration, graduation, and the withholding of the transcripts.

DEFERRED PAYMENT SERVICE FEE $3.00

Applicable when the payment of any part of a student's account is deferred by satisfactory arrangement with the Treasurer's Office, including accounts which must be billed to outside agencies, organizations and institutions. This fee is also applicable when any additional charge (out-of-state tuition, music fee, room and board adjustments, etc.) is not paid within five regular business days after the date it was incurred. Students are expected to take the initiative to pay all University obligations promptly.

APPLICATION FEE:

<table>
<thead>
<tr>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>$10.00</td>
</tr>
</tbody>
</table>

Each undergraduate, graduate, and College of Law application for admission must
be accompanied by a fee of $10.00 before it will be processed. This fee is not refundable.

PROFICIENCY FEES: $10.00

Fees for proficiency and substantiating examination are $10.00 per course. See page 21 for information on proficiency, CLEP, or other organized examinations.

CO-OP REGISTRATION FEE: $5.00

If credit is received, the fee will be determined by applying the appropriate quarterly hour rate.

AUDITOR’S FEE:

Fees for courses being audited are the same as those taken for credit. Auditors do not take the examinations, receive credit, or participate in class discussions.

SPECIAL STUDENT AND POST-BACCALAUREATE FEES:

Special students pay fees at the under-graduate rate. Post-Baccalaureate students pay fees at the graduate rate although graduate credit is not given for course work.

REFUND OF FEES AND ADJUSTMENTS:

Upon receipt of a class schedule, partial or complete, a student is responsible for payment of appropriate fees. Withdrawal from the University after receiving a class schedule must be by official notification to the Office of Special Services. The minimum of 20 per cent of fees will be charged even if classes are not attended. Failure to promptly notify the Office of Special Services when withdrawing could result in a larger percentage fee assessment. The effective date of withdrawal is the date the Office of Special Services is notified and the withdrawal notice is recorded.

For a regular academic quarter, withdrawal within 7 calendar days beginning with the first day following regular registration permits an 80 per cent fee refund. Withdrawal between 8 and 14 calendar days following regular registration permits a 60 per cent fee refund. Withdrawal between 15 and 21 calendar days following regular registration permits a 40 per cent fee refund. Withdrawal between 22 and 26 calendar days following regular registration permits a 20 per cent fee refund. Refunds, in accordance with the refund policy, will be made after the drop deadline.

No refund is due on courses which are dropped unless the sum of the remaining hours calculated at the hourly rate plus the adjusted charge for the course(s) dropped is less than the total amount paid or the maximum quarter tuition and/or maintenance fee. On the Knoxville campus no refund is made for courses dropped later than twenty-one calendar days after the last regular registration day. Refunds resulting from dropped courses will be made after the final audit at the end of the quarter.

Rental charges and adjustments are determined by the Office of Residence Halls in accordance with the terms of the housing agreement or contract.

Note: All charges and refunds will be made to the nearest even dollar. All charges are subject to subsequent audit and verification. Errors will be corrected by appropriate additional charges or refund. Other information on fees, expenses, refunds, and adjustments is given in the Timetable (Schedule of Classes) for each quarter.

Summer Quarter Fees and Expenses

Fees and expenses for the Summer Quarter are the same as for the other quarters during the academic year with the exception of the University Programs and Services Fee as noted above.

Although the Summer Quarter is divided into terms of varying lengths (three-, four-, six-week, etc.), tuition and fees are assessed at the regular quarter hour rate up to the maximum charge for a complete regular quarter.

Estimate of Expenses

The following estimates of the necessary expenses for an academic year are average. Actual expenses vary greatly according to the habits of economy or extravagance of the individual student. The room and meal estimates are averages based on accommodations and 20-meal board plan in university facilities. Estimates for equivalent accommodations and meals elsewhere will usually be somewhat higher.

Undergraduate graduate & Law
Maintenance Fee $ 408 $ 438
Programs & Services Fee 45 45
Room and Meals 1,095 1,095
Books, Supplies, etc. 180 180
Laundry & Dry Cleaning 90 90
Total for Tennessee Residents $1,818 $1,848
Add for Non-Resident Tuition 852 852

$2,670 $2,700

These figures give a fair idea of average expenses, exclusive of clothing, travel, and pocket money. Expenditures for extracurricular activities are not included in the above.

Housing

The University provides modern residence facilities in order to give students comfortable housing at reasonable cost and with an atmosphere conducive to academic achievement and personal development.

Undergraduate Students. Single freshman students are required to live in University residence halls when space is available unless they commute from the home of their parent or legal guardian. Other single students are encouraged to reside in University facilities.

Housing contracts are a commitment for the academic year, September to June, or for shorter periods if the student enters the University during winter or spring. A Housing Application will be mailed as a part of the Application for Admission. Residence halls assignments for the academic year are made in the summer. The student must be admitted to the University prior to assignment. If a student withdraws from the University, his housing contract is suspended in accordance with policies stated in the contract. Students assigned to residence halls on the room and board plan will be given contracts written to include both room and board. A contract for housing signed by a student is binding for the term of contract and is rigidly enforced by the University.

Additional information pertaining to single student housing may be obtained from the Office of Residence Halls, The University of Tennessee, 37916.

Off-Campus Housing. Students living in off-campus housing are expected to observe the same rules of conduct and standards that are applicable to all students. The student is responsible for obtaining his off-campus housing. The University does not list, refer, inspect or approve these facilities. The terms and conditions for the rental of off-campus housing are between the student and the landlord.

Graduate Students. Single graduate students may be assigned to the University’s residence halls or the single student apartments. Special graduate floors are available upon request. For information concerning University residence facilities, please refer to the appropriate paragraphs above describing Undergraduate Students and Off-Campus Housing.

Married Students. The University has provided modern apartment facilities in several locations for married students with families. Information and application for these facilities may be secured from the Office of Rental Properties, The University of Tennessee, 37916.

Food Service Facilities

Excellent University-operated food service facilities have been provided. They are air-conditioned, conveniently located in relation to residence halls, and serve nourishing food at reasonable prices.

The University recognizes the educational role that its food service facilities play in student life and group living. The Food Services Department employs a highly skilled dietetic and management staff to insure that the student gets the highest quality meal at the lowest possible cost.

Room and board meal arrangements are available. This plan offers the best combination of balanced, nutritious meals carefully planned and served at a reasonable charge to the student. For the student residing in residence halls and not under the Board Plan, excellent, well-planned meals can also be obtained from cafeterias operated on a cash basis.

In addition, the Food Services Department offers a "Charge Plan" whereby a student can charge his meals and have the bill rendered to him or his parents monthly.

For the late evening snack or morning coffee break, the most popular spots on the
campus are the grill operations. Students are invited to take advantage of the buffets and many special events that are offered at the University Center throughout the year.

Student Financial Aid

The University of Tennessee offers a comprehensive program of financial aid for full-time students who otherwise would not be able to attend the University. Through the financial aid program an eligible student may receive one or more types of assistance to help pay college expenses.

Although most financial aid is awarded on the basis of a student's academic achievement and proven financial need, the University also maintains a merit scholarship program for outstanding academic records. As more and more students from moderate-and-low-income families seek a higher education, the University has had to develop an equitable basis for determining who needs assistance and in what amount. Financial need is defined as the difference between a family's resources and the amount the University expects the family to contribute. If there is a deficit, the student is considered to be in need of financial assistance.

To assist in determining the need for financial assistance, The University of Tennessee utilizes the need-analysis system of the College Scholarship Service (CSS) through the use of the CSS forms, the Parents' Confidential Statement (PCS) and the Student's Financial Statement (SFS), the Financial Aid Office determines the amount that the parents and students could generally be expected to contribute toward meeting the educational expenses. Parental income, assets, indebtedness, number of dependents, medical and emergency expenses, retirement needs, etc., are considered in determining the family contribution. For more detailed information on the determination of need, please refer to the brochure entitled, "Financial Assistance For Students."

Since a student's family resources can decrease and increase significantly during an academic year, the University requires each student to apply annually for renewal of financial aid. The renewal of financial aid is based upon the student's academic achievement and financial need.

Academic achievement is judged for entering freshmen students by the applicant's secondary school academic record and scores on the American College Test Battery (ACT). Academic achievement for currently enrolled students and transfer students is judged by the applicant's collegiate cumulative grade point average.

The University of Tennessee has three basic types of financial aid—scholarships and grants, loans, and part-time employment. These may be awarded individually or in combination according to the needs of the student.

Scholarships and Grants

Scholarships. The University of Tennessee (Knoxville) scholarship program for entering freshmen and currently enrolled students is made possible through funds provided by the University, outside foundations, estates, private business, civic groups, individuals, and alumni. The majority of these scholarships are coordinated by the Financial Aids Office. Some undergraduate scholarships for currently enrolled students are administered in the various schools and departments of the University.

Most scholarships are awarded to students who demonstrate strong academic achievement and proven need for assistance. There is, however, an academic merit scholarship available only on academic achievement. If you wish to compete for merit scholarships only, you must submit an Application for Student Financial Aid. A Parents' Confidential Statement is not necessary.

All scholarships, including merit scholarships, are highly competitive; despite the generosity of University friends and alumni, there are not enough funds to provide scholarship aid to all qualified students. Annual scholarship stipends range from $100 to $750.

Most scholarships are awarded for one year, with the recipient competing for scholarships each year of enrollment in the University. In the case of a program of study and applications competing for scholarship assistance to indicate each individual scholarship for which they wish to be considered. The Application for Student Financial Aid is a general application, and all applicants will be considered for every scholarship coordinated through the Financial Aids Office.

High school students should contact their school counselor or principal concerning scholarships offered by local individuals, national foundations, and other organizations.

Supplemental Educational Opportunity Grants. This is a program of direct grants available to entering freshmen, transfer, and enrolled undergraduate students with exceptional financial need. The amount of financial assistance a student may receive depends upon the need—taking into account financial resources, those of the parents, and the costs of attending the University. The student must also demonstrate "academic or creative promise." Eligible students accepted for enrollment or who are currently enrolled in good standing, may receive a Supplemental Educational Opportunity Grant (S.E.O.G.). Grants may be extended for a maximum of 12 quarters. An S.E.O.G. must be matched dollar for dollar by other sources of financial aid, i.e., scholarships, loans, and/or earnings from University part-time employment. A Supplemental Educational Opportunity Grant may not be less than $200 or more than $1,500, or exceed one-half of the student's need for assistance. The above regulations and provisions of the Supplemental Educational Opportunity Grants are subject to change by federal legislative action.

Law Enforcement Education Program. The University of Tennessee participates in the Law Enforcement Education Program. This program provides grants or loans to police, court, and correction employees, and students preparing for careers in these fields. Grants up to $250 per academic quarter may be made for tuition, mandatory fees, and books related to the courses being studied.

Loans up to $2,200 per academic year can cover living expenses in addition to tuition, fees, and books. Application forms are available in the Financial Aids Office.

Nursing Scholarship Program. The purpose of this program is to assist students of exceptional financial need who are enrolled as full-time students in a course of study leading to a baccalaureate degree or a graduate degree in Nursing.

The amount of scholarship which a student may receive depends upon his financial need. The maximum scholarship available for any student in a twelve (12) month period is $2,000. The above regulations and provisions of the Nursing Scholarship Program are subject to change by federal legislative action.

Student Loans

National Direct Student Loans. Long-term loans are available primarily through the National Direct Student Loan. Proven need for financial assistance determines your eligibility.

Loan repayment and interest payments on National Direct Student Loans are deferred until after graduation or as long as the individual remains in half-time attendance at an approved institution of higher education in the United States. Repayment may also be deferred for a period of three (3) years while the borrower is serving in the Armed Forces, Peace Corps, or Vista. Interest is 5 per cent per annum on the unpaid balance of the loan. The repayment period is ten (10) years with the current maximum annual repayment of $180.00 or 10 per cent of the accumulated loan, whichever is greater.

The graduate student becomes a full-time teacher in a public or non-profit school which is designated by the commissioner as having a high enrollment of low-income families or become a teacher of the handicapped, 15 per cent of total principal plus interest is canceled for the first and second year of teaching, 20 per cent for the third and fourth years, and 30 per cent for the fifth year. If after graduation you become a staff member in a special education program which is operated for a period comparable to a full school year, 15 per cent of principal plus interest will be cancelled for each year of service. Cancellation at the rate of 12 1/2 per cent of the total principal plus interest will also be made up to 50 per cent of the loan for each year of Armed Forces service in an area of hostility.

An undergraduate may be extended a maximum annual loan of $1,250 to an accumulated loan total of $5,000. Graduate level students may be extended annual loans of $2,500 to a maximum accumulated loan total of $10,000. The above regulations and provisions of the National Direct Student Loan Program are subject to change by federal legislative action.

The University of Tennessee Student Loans. Student loans from University sources, established by friends and alumni of the University, are available to currently enrolled students. You can be extended a loan of up to $250 per quarter to an annual maximum of $750. The interest is 3 per cent per annum payable annually on the anniversary date of the loan. The loan period begins at the start of a stated number of years from the date of the note.
Other Assistance

The Basic Educational Opportunity Grant Program's central purpose is to assist in making available the benefits of post-secondary education to qualified students who display a financial need for funds. The program is administered by the U.S. Office of Education or a specified agency contracting with the Office of Education. Applications are available in high schools, post-secondary educational institutions, post offices, and other locations easily accessible to students. The student submits his application for determination of family contribution to the specified agency contracting with the Office of Education to calculate the family contribution. The contractor notifies the student of his expected family contribution. The student forwards a copy of the notification form to the institution which he/she plans to attend. The University then reviews the expected family contribution, computing and dispersing the B.E.O.G. funds to the student.

When the program is fully funded, maximum grants are $1400 less the parent contribution of one-half of the cost of education. For information write to U.S. Office of Education, Washington, D.C.

The Tennessee Educational Loan Corporation, through participation agreements with lending institutions of the State of Tennessee, enables these institutions to make long-term personal loans to help pay educational expenses. You must have been a Tennessee resident for one year prior to entrance in the University. You must be admitted in regular full-time attendance and in good standing at the University. Interest on such loans is paid by the Federal Government while the student is in school if the student is eligible for interest benefits. During the repayment period which begins no less than nine months after graduation or withdrawal from the University, the student pays up to 7 per cent simple interest. The maximum amount of a loan to an undergraduate in a twelve-month period cannot exceed $2500.

Total loans outstanding may not exceed $7,500 for the undergraduate or $10,000 for the graduate student.

Complete information is available at most Tennessee banks and credit unions, or can be obtained by writing the Tennessee Student Assistance Corporation, 707 Main Street, Nashville, Tennessee 37206.

The Tennessee Tuition Grant Program is designed to further the opportunity for higher education for residents of the State. Tuition grants range from a maximum of one hundred dollars ($100) to a maximum of one thousand dollars ($1000), dependent upon the need of the student and the amount of tuition and mandatory fees assessed by the institution. The highest grant at the University of Tennessee is approximately four hundred dollars ($400). Students are eligible to choose the educational institution in Tennessee, public or private, which they wish to attend, provided the college or university offers undergraduate academic work leading to a baccalaureate degree, at least a minimum two-year certificate or degree program, and is accredited by the Southern Association of Colleges and Schools.

More information may be obtained on the Tennessee Tuition Grant Program by writing to Tennessee Student Assistance Corporation, 707 Main Street, Nashville, Tennessee 37206.

Student Employment

Two employment programs are administered in the Financial Aids Office to help students find part-time employment.

The College Work-Study Program is administered in accordance with an agreement between The University of Tennessee and the United States Office of Higher Education. To be eligible, the applicant must be accepted for enrollment or, if currently enrolled, be in "good standing" with the University. Eligibility further depends upon the need for assistance. The above regulations and provisions of the College Work-Study Program are subject to change by federal legislative action.

The Student Employment Service operates as a central referral agency. It coordinates listings of employment from both University and private employers with the requests of students seeking part-time employment. Referrals are made in accordance with the student's skills and qualifications. Part-time jobs average from 15 to 20 hours per week. If part-time employment is a financial necessity to the student with a low grade average, he is advised to accept a job which is related to his work per week.

Spouses of full-time students or students not enrolled full-time in the University should contact the Personnel Office, 1900 Terrace Avenue, The University of Tennessee, Knoxville, Tennessee 37916, concerning employment.

The University

Extensions may be obtained if you continue your academic studies at the graduate school level. The borrower may, without penalty, pay all or part of his loan at any time before the maturity date.

Nursing Student Loans. The Nursing Student Loan is available to students who are enrolled or admitted as students in a course of study leading to a baccalaureate degree in Nursing and who show need of assistance in order to pursue their course of study. The program provides a long-term low-interest loan with repayment beginning nine months following termination of half-time study at an accredited school of nursing. Repayment may also be deferred for a period up to three (3) years while the borrower is serving in the Armed Forces or Peace Corps or up to five (5) years for full-time course of study leading to advanced professional training. If upon graduation you become employed full-time as a registered nurse in a public or non-profit private agency or institution, up to 85 percent of the principal may be cancelled at the rate of 15 percent of the loan that was unpaid on the first day of employment plus interest for the first three years of employment and 20 percent for the fourth and fifth year.

A Nursing Student Loan or any other educational loan will be repaid by HEW if the nursing graduate enters into an agreement to serve as a full-time registered nurse for a continuous period of at least two (2) years in an area designated as having a shortage of nurses. Thirty percent of principal and interest will be cancelled for the first two (2) years of service and 25 percent for the third year. The above regulations and provisions of the Nursing Loan Program are subject to change by legislative action.

Campus Honorary and Professional Fraternities

A number of honorary and professional fraternities have chapters on the University's Knoxville campus. Membership in these organizations is generally based on the initiate's good character, professed interest in his chosen field, leadership characteristics, and a high scholastic record.

Those honor fraternities, both national and local, with chapters at The University of Tennessee are:

Alpha Chi Sigma, for chemical engineering and chemistry students. Student must have a point average of 2.5 in chemistry and/or chemical engineering combined and 2.5 in all academic work and must have been enrolled in this school for at least one quarter and be elected to membership by others in the local chapter.

Alpha Epsilon Delta, for students preparing for study of medicine. Students with minimum 3.0 average in all courses may be pledged at end of their first three quarters in the University, or at end of four quarters with a minimum 2.8 overall average. They may be initiated at end of five quarters if an overall 2.8 average has been maintained.

Alpha Lambda Delta, for freshman women. Students with a minimum 3.5 average for the first two quarters or for the entire freshman year are eligible to election upon invitation.

Alpha Phi Omega. Any undergraduate who is a former Scout is eligible for membership. A pledge must have completed one quarter of academic work with an average grade of 2.0 before eligible for initiation.

Alpha Pi Mu, for industrial engineering students. Prospective members are chosen from the upper one-third of the senior class and upper one-fifth of the junior class. A minimum 2.5 average is required.

Alpha Zeta, agricultural fraternity for juniors and seniors. Prospective members must be among the upper two-fifths of their respective class and show leadership ability.

Beta Alpha Psi, for accounting students. Any undergraduate or graduate accounting major registered in advanced accounting, with a minimum "B" average in accounting subjects and a minimum "B-minus" average in all subjects, is eligible for active membership.
The University

Beta Gamma Sigma, for students in the field of business studies. Membership is limited to those commerce and business administration students ranked in the upper one-tenth of their graduating class. Juniors among the highest 3 per cent of their class may be elected in the last quarter of the year.

Chi Epsilon, for civil engineering students. Junior and senior civil engineering majors ranking in the highest one-third of their respective class are eligible for membership.

Delta Nu Alpha, for transportation students. Prospective members must have completed the basic transportation courses and have a minimum 2.3 average.
