ADMISSION TO THE UNIVERSITY OF TENNESSEE, KNOXVILLE

As the state's largest and most comprehensive university, the University of Tennessee, Knoxville seeks to provide high quality educational programs for all students who have the academic ability and motivation to adapt to and profit from a baccalaureate education. Similar opportunities are available at the graduate level, see the Graduate Catalog. While the majority of students at UT, Knoxville are residents of the State of Tennessee, the university welcomes qualified students from other states and from outside the United States. Students from a variety of cultures add richness and diversity to the total educational experience for all.

The curricula, supporting programs, and administrative structure at UT, Knoxville are designed to serve students bringing with them a variety of academic backgrounds and experience. Honors courses and sections and special programs challenge a student who previously has demonstrated outstanding overall academic attainment or skills in a particular subject area. However, experience has shown that many students whose past academic records are average can achieve a high level of attainment. This achievement is of vital importance to the student, the University, and the State. The student's motivation must be sufficiently strong and the University must provide the necessary attention of concerned teachers and advisors.

UT, Knoxville encourages persons whose interests and goals have changed with time. Many adults who have little or no college work find that, after some years in the working world, they are both willing and able to take advantage of the study opportunities provided by a major university such as UT, Knoxville. Others who have completed a program of study or have received a degree may desire to expand their knowledge or prepare for a different vocation and may re-enroll or transfer previous credits to UT, Knoxville.

**HONORS STATEMENT**

All facets of the University community have responsibilities associated with the Honors Statement. These responsibilities are unique to each sector of the University community.

Each student is responsible for his or her own personal integrity in academic life. While there is no affirmative duty to report the academic dishonesty of another, each student, given the opportunity for self-examination, may choose to act on any violation of the Honor Statement. Each student is responsible for knowing the terms and conditions of the Honor Statement and may acknowledge his or her adherence to the Honor Statement by writing "Pledged" and signing each grade report assignment and examination.

Faculty members also have responsibilities which are vital to the success of the Honor Statement and the creation of a climate of academic integrity within the University community. Each faculty member is responsible for defining, in specific terms, guidelines for preserving academic integrity in a course. Included in this definition should be a discussion of the Honor Statement. Faculty members at their discretion may also require students to acknowledge adherence to the Honor Statement by writing "Pledged" and signing each grade report assignment and examination.

The form of pledge may vary, but the form of grade report assignment must include the "Honor Statement Academic Policies".

Dates for orientation and registration are announced to new transfer and freshman students when the Certificate of Admission is issued. Graduate students are instructed when to register upon receipt of their Admission Status. Former students who have been absent from UT, Knoxville other than the summer term and students who have withdrawn from the previous semester are required to register with information with their letter of readmission. Evening School students should contact the University Evening School for registration times.

REQUIREMENTS FOR REGISTRATION OF ADMITTED STUDENTS

Medical History. Although a physical examination is not required, a medical history questionnaire is sent to all admitted students and must be completed by the student, parent, or other responsible party who is familiar with the student’s medical history. Such information will facilitate University physicians in providing continuing health care. This form must be returned to the Student Health Service before enrollment.

Participation in Orientation. Beginning freshman and transfer students are required to attend an orientation session prior to their first registration at the University. Schedules for these programs are mailed to admitted students by the Office of Student Conduct and Orientation. Orientation programs are designed to help new students become acquainted with opportunities and services at the University and to provide information needed for registration. Students who wish to attend the Evening School should contact the University Evening School for information about registration and orientation.

FIRST CLASS MEETING

Students who do not attend the first class meeting may be dropped from the course unless they have made prior arrangements with the department head or instructor. Students are required to register for courses to take whatever steps necessary to see that they have been officially dropped from a course.

MAXIMUM HOURS PER TERM

Undergraduate students may enroll for a maximum of 19 credit hours each semester unless a lower maximum is specified by the college or school in which the student is enrolled. Enrollment in more than 19 hours must be approved by the dean of the student’s college or school. Graduate students are limited to a maximum of 16 hours. This maximum must be approved by the Dean of the Graduate School. Law and Veterinary Medicine students may enroll for the maximum number of credit hours each semester as specified by the respective college.

MAXIMUM HOURS PER TERM FOR SUMMER

Undergraduate students may enroll for a maximum of 6 credit hours each for the first and second sessions. Students may enroll for a maximum of 12 credit hours in any combination of summer session courses. Enrollment in any combination of credit hours must be approved by the dean of the student’s college or school.

AUDITING COURSES

Students may audit classes with the consent of the instructor. The instructor will determine the appropriate requirements or restrictions. Auditors receive no credit and the audited course will not be recorded on the transcript. The student’s name will appear on the class roll to inform the instructor that the student is properly enrolled as auditor.

Auditors are required to register and pay fees. Prior to the add deadline, a change from credit to audit or from audit to credit may be made by completing the change of credit portion of the Undergraduate Change of Registration Form and having it processed at a campus in drop/add. Between the add deadline and the drop deadline, the signature of the Special Services Office or College Adjunct member (non-Tenure-Track Faculty) is required in order to charge credit. Once the drop deadline is passed, a change will not be allowed.

PREREQUISITE AND COREQUISITE COURSES

Students must meet prerequisite and corequisite requirements for all courses with such restrictions, and no student shall be permitted to register for those courses in which the requirements have not been met.

CHANGES IN REGISTRATION

Students may add or drop courses through the tenth calendar day counted from the beginning of classes. Because of the nature of some courses, permission of the department head or instructor may be required to add a course after the add deadline. Students may also, as department rules permit, request permission to drop a course through the tenth day. Students must fill out and submit the appropriate form to make changes in order to receive credit for the course. Students may withdraw from courses without penalty prior to the drop deadline for all undergraduates. Students may withdraw from classes according to the following calendar dates.

The exceptions to these deadlines are certain activities and special sessions. Students should consult the summer term timetable for the appropriate drop dates for each course. Any course may be dropped before the drop deadline specified above without notation on the academic record. In order to drop a course students must fill out and submit a drop form to Computer Assisted Registration. Evening School students should consult the University Evening School timetable for procedures to drop courses. Graduate students should consult the Graduate Catalog for regulations concerning dropping courses.

After the drop deadline, any undergraduate or graduate student who drops a course will receive the grade of F unless it can be demonstrated that the request to drop the course is based on circumstances beyond the student’s control. Examples of these circumstances are illness or injury (verified by the Student Health Service or private physician), or necessary change in work schedule occurring after the drop deadline (verified by the course employer). Examples of courses which would not be acceptable for a withdrawal are corequisite, coregistration by the student or taking a course.

WITHDRAWING FROM THE UNIVERSITY

Undergraduate day students who need to leave the University before a term is finished must apply for withdrawal through the Office of Registrations. Evening School and Graduate School withdrawals are accomplished at those offices. Information on dropping a single course is provided in the section entitled “Changes in Registration.” Requests for withdrawal are normally approved when the student applies by the deadline listed in the Timetable of Classes. It is the responsibility of a student who has registered for courses to attend them or, if that is impossible to apply for withdrawal. Following the drop or withdrawal deadline (22 calendar days into the regular semester), a student will receive final grades unless it can be demonstrated that circumstances beyond the student’s control prevent completion of the term. In that case, a grade of W is assigned in each course.

A student who simply stops participating in classes without discontinuing officially will not be assigned the grade of F in such courses. Students who do withdraw officially must apply for readmission in advance of their next term of enrollment. Entitled students are liable for payment of fees. Any refunds that may be due upon a student’s withdrawal are issued by the Bursar’s Office.

UNDERGRADUATE RETENTION STANDARDS

TRANSFER STUDENTS

A transfer student who has been conditionally admitted must meet the regular University standards of retention unless a lower maximum is specified by the respective college.

ACADEMIC SECOND OPPORTUNITY

As an aid to the serious re-entry student whose previous academic work was below average, a variety of services are available to assist the student who has not taken any college-level credit courses for at least three calendar years or more prior to admission or readmission to UT, Knoxville may petition for Academic Second Opportunity. Whether or not Academic Second Opportunity is granted is at the discretion of the Committee on Readmissions. If granted, all previous academic work will remain on the permanent record, but the grades for such work will not be used in the computation of the grade point average. The law school must have a good standing for retention purposes. Prior courses in which the student has previously earned credit may be used to meet major, distribution, and graduation requirements.

At least 30 hours must be completed at UT, Knoxville before readmission before graduation can occur. In addition, at least 60 semester hours of letter grades (A-F) must be earned after readmission to complete the minimum qualifications for graduation with honors. Academic Second Opportunity may be granted only once. If hours earned during the previous
The University of Tennessee expects all students who enter the University to remain in good academic standing. To accomplish this, the University has established retention standards. To graduate from UT, Knoxville, a student must earn a minimum cumulative GPA of 2.00. The catalog contains additional retention, progression, and graduation requirements for specific programs.

Students will be placed in Academic Review when their cumulative GPA falls below the minimum acceptable level of 2.00 for one semester, or when their semester GPA falls below the minimum acceptable level of 2.00 for two consecutive semesters regardless of their cumulative GPA. During that semester and any other semesters in review, a student must participate in a special advising program in the Dean's Office of his or her college or school of study. In review, a student does not maintain a 2.00 grade point average for hours attempted each term. In such a case, the student must request a meeting with a committee appointed by the academic dean of the college or school of enrollment. This committee will determine the most appropriate academic action. In turn, a commitment from the student to accomplish the action recommended by the committee must be received. If, in the opinion of the Academic Review Committee there appears no reasonable chance that the student will achieve a minimum GPA of 2.00 in the student's present college, the student may be released from that college and referred to the Office of Readmissions. The Office of Readmissions will either dismiss the student from the University for at least one term or may recommend that the student be placed in Academic Review to identify a more appropriate course of study.

GENERAL REQUIREMENTS FOR A BACHELOR'S Degree

To receive a bachelor's degree from The University of Tennessee, Knoxville, a student must complete all of the requirements listed below. Some of the colleges and schools within the University have special requirements above and beyond those stated here, and students are advised to consult the appropriate section of this catalog for any further degree requirements. Each candidate for the bachelor's degree is reviewed and approved for meeting the degree requirements by the Office of the Dean of Admissions and Records.

(1) Complete satisfactorily all requirements of the student's chosen major field of study, which must be included in individual curricula. The curriculum for each major contains a maximum of 120 semester hours, with the student's faculty advisor and college, in consultation with the Registrar's Office.

(2) Achieve a grade point average of at least 2.00 on all work attempted at The University of Tennessee, Knoxville. Students bringing transfer work to UTK before Fall 1985 must also have a combined average of at least 2.00 on all UTK work and the work transferred in and passed before Fall 1985.

(3) Complete the last 30 hours of credit offered for the bachelor's degree at The University of Tennessee, Knoxville. Credit for correspondence courses taught by the faculty of the Knoxville campus may be counted as part of this requirement, with the exception of the limitation noted in the regulations concerning correspondence work. Special arrangements to allow work taken at other University of Tennessee campuses to be counted as part of this requirement must be approved by the dean of the student's major college or school and the Dean of Admissions and Records.

(4) All students must be accepted by the college or school of their major for a minimum of the last year of study (30 semester hours prior to graduation).

(5) Comply with the state law that one unit of American history at the high school level or six semester hours of college work be satisfactorily completed. This requirement is effective for those graduating July 1, 1978 and thereafter. It may be satisfied by completing History 152-252 (or 152A-252A). History 251 may be used in lieu of three hours of American History.

(6) For those electing to consult the catalog of enrollment to determine how the six hour's credit for fulfillment of this requirement is to be included in individual curricula.

(8) Satisfy all financial obligations (fees or fines) owed to the University.

(9) Pay to the Treasurer's Office the graduation fee no later than the beginning of the semester of graduation.

(10) File an application for a degree with the Office of the Registrar, Room 209 Student Services Building, at the Registrar's office on the final term before graduation. Application deadlines are posted in the Registrar's Office for each term. This deadline is imperative in order that all necessary processing can take place toward the end of the year.

(11) Comprehensive Test in Major.

HONORS CATEGORIES FOR GRADUATION

Honors are conferred upon graduating students who have displayed a high level of achievement during their university career. Recipients of honors receive their degrees with:

- "Cum laude"...3.50 through 3.64
- "Magna cum laude"...3.45 through 3.79
- "Summa cum laude"...3.50 through 4.00

These honors categories are based on a student's cumulative average at the end of the semester preceding the graduation semester. For all students entering Fall, 1985 and thereafter, honors categories are based only on the average earned at The University of Tennessee, Knoxville. Students must have earned at least 60 hours at UT, Knoxville in order to qualify for honors categories. For those students who entered prior to Fall, 1985, the honors category is based on the average earned at UTK and the transfer work brought in prior to that date, or the average earned at UTK, with the lower of the two averages determining the honors category. Work transferred after Fall, 1985 is not used in computation of the GPA.

If, at graduation, a student's grade point average would allow a higher honors category than that determined at the end of the semester preceding the graduation semester, the student may, upon written request, receive a substitute diploma indicating the higher category. Courses may not be reapplied for the purpose of raising an honors category.

SECOND BACHELOR'S DEGREE

A student who holds a bachelor's degree may receive a second bachelor's degree from The University of Tennessee, Knoxville, by fulfilling the following:

(1) Meet all requirements of both degrees, as specified above.

(2) Complete at least 30 semester hours beyond the total hours required for the first bachelor's degree.

#### OR

#### Integrative Studies (2 courses)
Courses used to meet this requirement may be of three broad types:

- Multicultural studies, which analyze international dimensions of critical issues or explore elements and values that shape a culture other than the student's own;
- Interdisciplinary studies, which incorporate the methods and approaches from two or more disciplines to explore major issues; or
- Disciplinary perspective courses, which explore the potential and limits of a discipline in terms of its impact on individuals and society or examine a student's major course of study from a value-oriented perspective.

All majors and college or school curricular requirements described in this catalog are in accordance with the University Requirement.
