*Robert A. Rider, Dean*

*Lynn C. Cagle, Associate Dean, Professional Licensure and Outreach*

*Thomas W. George, Associate Dean, Academic Affairs and Administrative Services*

*Shirley W. Hastings, Associate Dean, Extension*

*Vena M. Long, Associate Dean, Research and Development*

*Dulcie L. Peccolo, Director of Student Services*

<http://cehhs.utk.edu/>

The College of Education, Health, and Human Sciences was created in 2002 from a merger of the former College of Education and the former College of Human Ecology. The merger of these two colleges, both with rich histories and exemplary records of achievement, resulted from a recognition of complementary institutional missions and a belief that the two colleges, as one, would become more effective in dealing with the complex challenges facing families, schools, and communities in the 21st century.

The union of Education and Human Ecology to form the College of Education, Health, and Human Sciences honors past independent accomplishments but is now focused on an interdependent future. The College of Education, Health, and Human Sciences is a people-centered college that is intent on enhancing significant aspects of the human condition.

The college, with its disciplines located at the intersection of many of society's greatest challenges, is positioned to make a significant difference through its programs of study, research, and outreach. Recognizing that the strength of the college is greater than the sum of its parts, the college is subdivided into the following academic departments – Child and Family Studies; Educational Psychology and Counseling; Instructional Technology, Health, and Cultural Studies; Nutrition; Exercise, Sport, and Leisure Studies; Retail, Hospitality, and Tourism Management; and Theory and Practice in Teacher Education.

## Degrees and Majors

**Bachelor of Science in Education** – art education major; special education major (concentrations in education of the deaf and hard of hearing, educational interpreting, modified and early childhood special education); exercise science major; recreation and leisure studies major (concentrations in recreation and leisure administration, therapeutic recreation); and sport management major.

**Bachelor of Science in Health and Human Sciences** – child and family studies major and nutrition major.

**Bachelor of Science in Service Management** – hotel, restaurant, and tourism major and retail and consumer sciences major.

## Minors

The academic departments within the College of Education, Health, and Human Sciences offer minors in adolescent health, child and family studies, community health education, dance, elementary education (for Arts and Sciences students only), engineering communication and performance (For Engineering students only), gerontology (intercollegiate/interdisciplinary), middle grades education (for Arts and Sciences students only), nutrition, restaurant and foodservice management, retail and consumer sciences, secondary education (for Arts and Sciences students only), and tourism and hospitality management.

Students pursuing a minor must complete at least one-half of the required classes at the University of Tennessee, Knoxville, and all courses must be taken for a letter grade unless otherwise specified.

## Admission to the College of Education, Health, and Human Sciences

Entering freshmen and transfer freshmen students (i.e., with fewer than 30 credit hours and a minimum 2.00 GPA) are eligible for admission to the College of Education, Health, and Human Sciences. Transfer students, with 30 or more credit hours completed and a minimum 2.30 GPA are eligible for admission to the college.

Typically, students who are admitted to the college are expected to have attained the minimum GPA (ranging from 2.40-2.70) necessary for admission/progression to the major, concentration, or program by the completion of 59 credit hours or the completion of lower division coursework (i.e., 100- and 200-level). Normally, students who fail to progress by the completion of 59 credit hours will be ineligible to enroll in most upper-division and specialized courses and, as a result, will significantly extend the time needed or negate their ability to earn a baccalaureate degree.

College advisors will assist students who fail to progress to identify other academic alternatives and, if necessary, to facilitate the transfer of those students to other academic units.

## Progression to a Major, Concentration, or Program

Progression refers to the process during which a student demonstrates an aptitude to complete an academic major, concentration, or academic program. Typically, progression requirements include completion of prerequisite courses and attainment of a minimum grade point average. Some majors, concentrations, and programs also require applicants to attain certain minimum performance levels on standardized aptitude or achievement tests and a favorable recommendation from an interview panel. Academic majors, concentrations, and programs involving teaching or other interaction with children require applicants to submit to security checks. Upon successful progression (i.e., admission) to a major, concentration, or program, students must meet additional criteria in order to maintain good standing and to graduate or complete a program.

Complete progression requirements for each major or concentration are located in the following sections of this catalog. Progression requirements for the Teacher Education Program appear in the section entitled, Teacher Education at the University of Tennessee, Knoxville.

## Advising

The mission of the Student Services Center is to provide academic program planning and related services to students in the College of Education, Health, and Human Sciences. The center, located in Claxton Complex A332, maintains a full-time staff of academic advisors to respond to students' concerns regarding progression to academic programs, courses of study, academic petitions (e.g., course substitutions, etc.), and referrals to other campus services.

## Course Load

Undergraduate students may enroll in a maximum of 19 credit hours during fall and spring semesters and for no more than 12 credit hours during summer term. Appeals to exceed these maximums should be directed to the college's Assistant to the Dean for Student Services or to the Director of Undergraduate Student Services; decisions to approve overloads are based on a review of each student's academic record but, typically, will not be granted to students with less than a 3.00 GPA.

Students who are granted permission by the university's Dean of the Graduate School to earn graduate credits (see Seniors Eligible for Graduate Credit) prior to earning a bachelor's degree may enroll in no more than 15 credit hours during either fall or spring semesters or a maximum of 12 credit hours during summer term.

## Course Credit

With permission of the instructor, an undergraduate student who has a minimum 3.00 GPA may enroll in a 500-level course for undergraduate credit. Exclusions include courses numbered 500, 502, and independent or directed study courses for which there are appropriate undergraduate course alternatives.

## Grading

Students enrolled in the College of Education, Health, and Human Sciences may take courses graded on a Satisfactory/No Credit (S/NC) basis when letter grading (i.e., A-F) is not an option or in non-specified (i.e., free electives). Additionally, students must earn at least a C in major prefix courses and in any other course so identified by the major area faculty (see departmental sections for specific progression requirements for each major).

## General Education Test for Seniors

The Tennessee Higher Education Commission (THEC) requires each public institution of higher education to evaluate the general education skills of the senior class. The College of Education, Health, and Human Sciences requires each of its senior students to take this general education test prior to graduation. The test results enable the University of Tennessee, Knoxville, to evaluate its general education program and to qualify for needed funding from the State of Tennessee. Students enrolled in programs that are scheduled to take a major field test are exempt from the general education testing.

## Major Field Test for Seniors

The Tennessee Higher Education (THEC) requires that each public institution for higher education assess the knowledge and expertise of students within each major area of study. Each year, a subset of all major fields of study on campus is required to test all graduating seniors from those respective fields. The results from these tests enable the University of Tennessee, Knoxville, to evaluate and, where necessary, improve the quality of major fields of study. Students are informed in their senior year if they are required to take a major field test. Students enrolled in a major field of study that is scheduled to test majors are exempt from the general education testing that particular year.

## Seniors Eligible for Graduate Credit

Students intending enter certain graduate programs and teacher education students who are required to finish a post-baccalaureate (5th Year) before earning a teacher license may qualify as seniors to take graduate courses that may be applied to a master's degree.

Subject to approval by the Dean of the Graduate School, a senior at the University of Tennessee, Knoxville, who needs fewer than 30 semester hours to complete requirements for a bachelor's degree and has at least a B average (3.00) may enroll in graduate courses for graduate credit, provided the combined total of undergraduate and graduate coursework does not exceed 15 credit hours per semester.

- Senior privilege is extended only to students working toward a first bachelor's degree.
  - Students who have met all requirements for graduation are not eligible for senior privilege.
- Approval must be obtained each semester at the Graduate School, P-105 Andy Holt Tower; (865) 974-2475. Form available online at: <http://gradstudies.tennessee.edu>.
- A maximum of nine hours of graduate credit at the 400- and 500-level can be obtained in this status.
  - Some departments do not permit seniors to register for graduate courses without prior permission.
  - Courses taken for graduate credit may not be used toward both the baccalaureate and a graduate degree.

## Teacher Education at the University of Tennessee, Knoxville

The College of Education, Health, and Human Sciences is the administrative base for the university's preparation programs for educators. The college has oversight responsibilities for those programs attached to other academic units. The Teacher Education Program at the University of Tennessee is accredited by the National Council for the Accreditation of Teacher Education (NCATE), [www.ncate.org](http://www.ncate.org). This accreditation covers the initial teacher preparation programs and advanced educator preparation programs.

### Admission to Teacher Education

A student desiring to become a teacher, regardless of college affiliation or academic major must be admitted to the Teacher Education Program. Admission to Teacher Education allows a student to enroll in upper-division professional courses. Admission includes, but is not limited, to the following.

1. Academic achievement – (a) minimum 2.70 cumulative GPA including transfer courses; (b) GPA based on completion of 45 credit hours Agriculture Education and Special Education, 60 hours Elementary Education and PreK-K, 75 hours Secondary Education, and 90 hours Early Childhood Education; (c) completion of specific courses prior to admission to the following teaching areas: mathematics education – Mathematics 141-142, plus at least six hours 200-level mathematics; science education – at least eight hours of laboratory natural science; music education – Music Theory 210 and at least one semester 200 level (applied) music; English education and foreign language education – minimum nine hours 300-level in respective fields with minimum 3.00 GPA.
2. Standardized test performance – minimum 22 ACT (enhanced version)/21 ACT composite score; 1020 SAT (revised version)/920 total score; or State Board of Education determined passing scores on PRAXIS I (contact the college's Student Services Center for current PRAXIS I scores).
3. Speech and hearing screening – prospective teachers, except for deaf applicants to deaf education, must perform within normal limits on measures of speech and hearing proficiency or participate in remedial therapy through the university's Hearing and Speech Center. Deaf applicants need to inform the college's Office of Teacher Education Admissions.
4. Security check – Criminal background checks will be performed to determine the appropriateness of each applicant's request to enter teaching and, thus, to interact with children and youth.

### Boards of Admission in Teacher Education

Applicants who meet the above criteria will be invited by the Office of Teacher Education Admissions to interview with a Board of Admission. Admission decisions will be based on the above admission criteria, as well as each applicant's written application, oral expression, and expressed interest in teaching.

Admission is competitive and certain teaching fields have more qualified applicants than space available. Admission limitations are a function of the availability of faculty to serve students and to provide appropriate field placements. Interviews are conducted during fall and spring semesters; each board is comprised of content and pedagogy specialists, as well as a practitioner and an advanced student.

### Maintaining Good Academic Standing in Teacher Education

To maintain good standing in the Teacher Education Program and to qualify for a degree and/or licensure as a teacher, students must perform adequately both in the university classroom and in the school(s). Students must maintain a minimum 2.70 cumulative GPA, establish or maintain a minimum 2.50 GPA in their major, and maintain a minimum 2.80 GPA (course grade C or higher required) in professional courses.

Complete details on the teacher licensure program are available through the College of Education, Health, and Human Sciences Web site (<http://cehhs.utk.edu/main.html>), the college's Office of Student Services, Claxton Complex, A 332, or teaching area faculty.

### University-Wide Involvement in Teacher Education

The faculty in the College of Education, Health, and Human Sciences assume primary responsibility for preparing school personnel. The College of Arts and Sciences faculty have major responsibility for providing the broad, general education, background required of all teachers and for providing the specialized content knowledge needed by secondary teachers.

Information regarding specific teaching fields and educational specialties is available at the following campus locations.

- Agriculture Education – 325 Morgan Hall
- Art Education – 213 Art and Architecture Building
- Audiology and Speech Pathology – 578 South Stadium Hall
- Music Education – 211 Music Building
- School Counseling – A525 Claxton Complex
- School Psychology – A525 Claxton Complex
- College of Social Work – 308 Henson Hall

Information regarding early childhood education, elementary education, secondary education, and special education is available through the College of Education, Health, and Human Sciences Student Services Center, A332 Claxton Complex and the Department of Child and Family Studies, 115 Jessie Harris Building.

### Title II, HEA Compliance Report

Per requirements of Title II of the Higher Education Act, the College of Education, Health, and Human Sciences reports the following pass rates on State required licensure tests for the 2004-2005 Academic Year: The University of Tennessee 99%; State of Tennessee 97%.

## DEPARTMENT OF CHILD AND FAMILY STUDIES

<http://cfs.he.utk.edu>

*Vey M. Nordquist, Head*

### Professors

Barber, B., PhD	Brigham Young
Blanton, P., EdD	Tennessee
Cunningham, J., PhD	Michigan State
Fox, G., PhD	Michigan
Nordquist, V., PhD	Tennessee
Twardosz, S., PhD	Kansas

### Associate Professors

Brandon, D., PhD	Tennessee
Malia, J.A., PhD	Iowa State
Smith, D., PhD	Oklahoma State

### Assistant Professors

Devereaux, M., PhD	Tennessee
Fouts, H., PhD	Washington State
Hallam, R., PhD	Delaware
Moran, M., PhD	New Hampshire
Stolz, H., PhD	Brigham Young
Tu, H., PhD	Purdue

### ECE Internship Coordinators

Justice, D., MS	Tennessee
Stott, A., MS	Tennessee

### Clinical Assistant Professors

Fitzgerald, K., PhD	Tennessee
Malia, J.E., PhD	Iowa State

The Department of Child and Family Studies prepares students to be effective family members as well as competent professionals with the knowledge and skills to help children, youth, and families face the difficult challenges of today's complex society. As a professional, a graduate of the department understands the variety of contexts that impact children and families. Students are particularly prepared to work with children, youth, and families at risk, and to be sensitive to the many forms of diversity that characterize today's families.

Students in the department complete an integrated curriculum that includes human and child development, family dynamics and interaction patterns, research skills, and interpersonal and professional skills needed in the workplace. The major course of study concludes with a field-based experience that enables students to hone practical skills and knowledge in a work setting consistent with their personal and professional goals. Core coursework is complemented with a range of elective options that will give students a broad, general education as well as specialized knowledge in areas of their choosing.

Graduates of the department are prepared to work with individuals and groups from diverse backgrounds and in diverse settings – in schools as early childhood educators, with agencies providing services to children and families, and with for-profit businesses. Many students continue their education with graduate study in a number of different fields (e.g., child and family studies, education, counseling, psychology, ministry, social work, law).

### CHILD AND FAMILY STUDIES MAJOR

The department's major is designed for students whose educational and career goals are focused on studying and working with children and families within educational programs, community services, and other professional settings. The major is designed to accommodate the special interests or strengths of students and allows for flexibility and individualization. Students design a program of study in consultation with their advisor that includes a core of required courses, a complement of specialty courses supportive of individual interests, and a 12-hour practicum that will complete their program of study. All students graduating with a child and family studies major will have in-depth knowledge about children and families, a broad integrative perspective, and means for application.

In consultation with their faculty advisor, students will select at least 27 credit hours from the list of courses meeting departmental requirements for specialty areas. Students must complete a total of three specialty areas of 9 credit hours each. Students wishing to emphasize one specialty area may satisfy two of their three specialty areas by taking 18 credit hours in that area. A course may be counted in one specialty area only and may not be used to fulfill any other elective requirement.

Students electing to pursue the early childhood education teacher licensure (PreK-K) or the early childhood education teacher licensure preparation (PreK-3) specialty areas will take a total of 34 credit hours in this specialty area plus an additional 3 credit hours from their advanced social science electives.

### Progression Requirements

Students are expected to know the criteria they must meet in order to progress into a practicum (Child and Family Studies 470, 472, 480, or 490) and to regularly monitor their progress in meeting these criteria. Students will not be allowed to progress into the practicum until these criteria are met. If students do not appear able to meet these criteria, they are encouraged to work closely with their advisor to plan an alternative educational program. Specific information on how to apply for the practicum is available from the student's advisor. Students must work closely with their advisor to ensure that they understand the requirements for progression and that they strictly follow the application process for the practicum experience of their choice.

#### Prior to the Practicum

- Apply for the practicum by completing the application one year prior to the intended practicum semester.
- Complete the self-disclosure forms allowing university personnel to obtain student conduct and criminal background information one year prior to the intended practicum semester. The department's undergraduate committee will evaluate any negative background check.

#### Prerequisites for the Practicum

- Completion of all prerequisites enforced by the registration system.
- A cumulative GPA of at least 2.50 (A cumulative GPA of at least 2.70, including transfer credits, is required for students electing the Child and Family Studies 472 practicum option).
- A minimum grade of C in all child and family studies courses.

### Certified Family Life Educator

Students interested in applying for certification as a Family Life Educator through the National Council on Family Relations must complete five courses from the Family Life Education specialty area – Child and Family Studies 240, 345, 360, 440, and Counselor Education 480. These courses are in addition to the Child and Family Studies core courses. Contact your advisor for specific information about becoming a Certified Family Life Educator through the department's approved program of study.

### Early Childhood Education Teacher Licensure (PreK-K)

The child and family studies major provides the undergraduate preparation needed for a student who would like to be licensed to teach early childhood education in the State of Tennessee (PreK-K). This licensure program prepares students to teach children with and without disabilities, birth through age 5. Students who wish to pursue this licensure must complete the Early Childhood Education Teacher Licensure: PreK-K specialty area. Upon completion of 60 undergraduate hours, including completion of Child and Family Studies 350, students will complete the admission process to PreK-K Teacher Education. Students interested in this licensure should work closely with their advisor to ensure that they understand and meet teacher education program requirements and that they strictly follow the application process.

### Early Childhood Education Teacher Licensure (PreK-3)

The child and family studies major can provide the undergraduate preparation needed for a student who would like to be licensed to teach early childhood education in the State of Tennessee (PreK-3). The early childhood education licensure option is offered in conjunction with a master's degree in child and family studies (early childhood education concentration). Students who wish to pursue this option must take the early childhood education-licensure specialty area as an undergraduate. Upon attainment of senior status (i.e., 90 hours), students will complete the admission to teacher education process (see details in the teacher education section of this catalog) and simultaneously make application for admission to the MS with a major in child and family studies (See the *Graduate Catalog* for details.) Acceptance into the teacher licensure program is contingent upon acceptance into the department's master's program. Students interested in this option should work closely with their advisor to ensure that they understand and meet the teacher education program requirements and the requirements for graduate study and that they strictly follow the application process.

### Requirements for the Bachelor of Science in Health and Human Sciences • Child and Family Studies Major

First Year	Hours Credit
Child and Family Studies 101 .....	.2
English 101*, 102* .....	.6
1Natural Sciences Electives* .....	.7
2Arts and Humanities Electives* .....	.6
3Quantitative Reasoning* .....	.6
<b>Second Year</b>	
Child and Family Studies 210* .....	.3
Child and Family Studies 220* .....	.3
4History Elective .....	.3
5Foreign Language Electives* .....	.6
6Psychology/Sociology Electives* .....	.6
7Social Sciences Elective* .....	.3
8Specialty Area Electives .....	.6
9Elective .....	.3

**Third Year**

<sup>10</sup> Child and Family Studies 211 or 213	3
Child and Family Studies 320	3
Child and Family Studies 385	3
Child and Family Studies 395	3
<sup>8</sup> Specialty Area Electives	15
<sup>11</sup> Advanced Social Sciences Electives	6

**Fourth Year**

<sup>12</sup> Child and Family Studies 405*	3
<sup>13</sup> Child and Family Studies 470, 472, 480, or 490	12
<sup>8</sup> Specialty Area Electives	6
<sup>11</sup> Advanced Social Sciences Electives	6
<sup>9</sup> Electives	5

**Total 125**

\* Meets University General Education Requirement.

- Select two courses from the Natural Science list – University General Education Requirement. At least one of the courses must have a laboratory.
- Select two courses from the Arts and Humanities list – University General Education Requirement.
- Select one mathematics and one statistics course from the Quantitative Reasoning list – University General Education Requirement.
- Select any history-prefix course.
- A sequence of a modern foreign language at the 200 level or above must be selected. Select a sequence from the list of intermediate foreign language sequences in the Cultures and Civilizations list – University General Education Requirement.
- Select two of the following – Psychology 110, 210, 220; Sociology 110, 120.
- Select any course from the Social Sciences list – University General Education Requirement. Child and Family Studies 210 and 220 and the courses used to meet the Psychology/Sociology Elective requirement may not be used.
- Students must complete a total of 3 specialty areas of 9 credit hours each for a total of 27 credit hours. Students wishing to emphasize one specialty area may satisfy two of their three specialty areas by taking 18 credit hours in that area. A course may be counted in one specialty area only and may not be used to fulfill any other elective requirement. Teacher licensure students will take a total of 34 credit hours for their specialty areas plus an additional 3 credit hours from their advanced social science electives.
- At least 54 hours in 300-400 level courses are required.
- Teacher licensure students must take Child and Family Studies 211.
- A total of 12 hours selected from 300-400 level child and family studies courses or 300-400 level sociology, history, psychology, political science, anthropology, educational psychology, counselor education, or recreation and leisure studies courses. Teacher licensure students must take Child and Family Studies 353 to fulfill 3 of the required hours.
- Meets Communicating through Writing (WC) and Communicating Orally (OC) requirements.
- Child and Family Studies 470, 480 and 490 require a cumulative GPA of 2.50 (2.70 for Child and Family Studies 472, including transfer credits); completion of all prerequisites enforced by the registration system; a minimum grade of C in all child and family studies courses; completed application; student conduct and criminal background clearance. Child and Family Studies 470, 472, and 480 must be completed in one semester. Child and Family Studies 490 may be completed over several semesters.

**Specialty Areas**

Specialty electives are grouped into specialty areas. Students must complete a total of three specialty areas of 9 credit hours each. Students wishing to emphasize one specialty area may satisfy two of their three specialty areas by taking 18 credit hours in that area. A course may be counted in one specialty area only and may not be used to fulfill any other elective requirement. Check the *Undergraduate Catalog* for any prerequisites required for these courses. Students electing to pursue the early childhood education teacher licensure (PreK-K) or the early childhood education teacher licensure preparation (PreK-3) specialty areas will take a total of 34 credit hours in this specialty area plus an additional 3 credit hours from their advanced social science electives.

**Adulthood and Aging**

Child and Family Studies 312; Health 406, 465; Nursing 400.

**Advanced Child Development**

Audiology and Speech Pathology 320; Child and Family Studies 211, 213, 485; Education of the Deaf and Hard of Hearing 425; Educational Psychology 431; Psychology 310, 320, 360, 400, 470, 475; Sociology 370; Special Education 470.

**Advanced Research**

Anthropology 431; Child and Family Studies 481; Psychology 295, 385, 395; Sociology 331; Statistics 201, 251, 320, 330, 471, 472, 473.

**Child and Family Diversity**

Africana Studies 201, 202, 429, 473, 480, 483; Anthropology 130, 312, 410, 413; Sociology 340, 343.

**Child and Family Studies Skills – Interpersonal Communication**

Communication Studies 220, 310, 320, 350, 420, 430.

**Child and Family Studies Skills – Public Policy**

Political Science 311, 312, 340, 446; Public Relations 270; Women's Studies 340.

**Child and Family Studies Skills – Working with Children**

Audiology and Speech Pathology 300; Art Education 301; Child and Family Studies 350, 351; Elementary Education 445; Educational Interpreting 223, 226; Information Sciences 330.

**Child and Family Studies Skills – Writing and Mass Media**

English 360, 455; Journalism and Electronic Media 200, 201, 414.

**Children and Families at Risk**

Educational Psychology 432; Health 406, 430, 435; Psychology 330; Recreation and Leisure Studies 320; Sociology 340, 351, 352; Special Education 470.

**Early Childhood Education Teacher Licensure (PreK-K) (all courses are required)**

Audiology and Speech Pathology 320; Child and Family Studies 106, 350, 353, 423; Educational Psychology 401; Special Education 410, 471; Instructional Technology 486; Special Education 402.

**Early Childhood Education Teacher Licensure (PreK-3) (all courses are required)**

Child and Family Studies 106, 350, 351, 353, 422; Educational Psychology 401; Elementary Education 445; Information Sciences 330; Instructional Technology 486; Reading Education 430; Special Education 402.

**Family and Community Services**

Communication Studies 210, 440; Counselor Education 410; Educational Psychology 460; Political Science 446; Psychology 424; Social Work 200, 250; Sociology 110.

**Family Life Education**

Agricultural and Extension Education 211; Child and Family Studies 240, 360, 345, 440; Communication Studies 330; Counselor Education 480; Educational Psychology 210; Health 426; Philosophy 244; Psychology 409.

**Health and Wellness**

Communication Studies 425; Health 330, 375, 400, 405, 425; Nursing 202; Philosophy 246; Psychology 430; Public Health 300, 305; Sociology 414; University Studies 311.

**Women and Families**

Africana Studies 483; Counselor Education 410; Health 425; History 453; Religious Studies 320; Women's Studies 220, 360, 382; Women's Studies/Psychology 434.

**Minor in Child and Family Studies****Required Courses**

Required Courses	Hours Credit

## DEPARTMENT OF EDUCATIONAL PSYCHOLOGY AND COUNSELING

R. Steve McCallum, Head  
Tricia McClam, Associate Head

### Professors

Bogue, E.G., EdD	Memphis State
Brockett, R., PhD	Syracuse
George, T. (Associate Dean), EdD	Tennessee
Greenberg, K., PhD	George Peabody
Huck, S., PhD	Northwestern
Kronick, R., PhD	Tennessee
McCallum, R.S., PhD	Georgia
McClam, T., PhD	South Carolina
Mertz, N., EdD	Columbia
Peters, J., EdD	North Carolina State
Skinner, C., PhD	Lehigh
Williams, R., PhD	George Peabody
Woodside, M., EdD	Virginia Tech

### Associate Professors

Bain, S., PhD	Southern Mississippi
Cochran, J., PhD	Virginia Tech
Diambra, J., EdD	William & Mary
Dunn, P., PhD	Ohio State
Skinner, A., PhD	Mississippi State
Studer, J., EdD	Toledo
Ziegler, M., EdD	Columbia

### Assistant Professors

Gibbons, M., PhD	North Carolina (Greensboro)
Paulus, T., PhD	Indiana
Skolits, G., EdD	ETSU
Spurgeon, S., PhD	North Carolina (Greensboro)
Strayhorn, T.L., PhD	Virginia Tech

### Research Professors

Colvin, C., EdD	Virginia
Grubbs, L.A., PhD	Tennessee
Mulkey, S., PhD	Florida State

## Minor in Engineering Communication and Performance

The engineering communication and performance minor is available for engineering students desiring additional training and certification in team facilitation and organizational communication. (See College of Engineering – Engineering Fundamentals section of this catalog.)

Required Courses	Hours	Credit
Counselor Education 206	3	3
Counselor Education 306	3	3
Counselor Education 406	3	3
Two of the following courses – Psychology 360, Management 440, Communication Studies 420, 440	6	6
	<b>Total</b>	<b>15</b>

## DEPARTMENT OF EXERCISE, SPORT, AND LEISURE STUDIES

<http://web.utk.edu/~sals/>

Joy T. DeSensi, Head

### Professors

Bassett, Jr., D.R., PhD	Wisconsin
DeSensi, J.T., EdD	North Carolina (Greensboro)
Hayes, G.A., PhD	North Texas State
Thompson, D., PhD	Virginia
Wrisberg, C.A., PhD	Michigan

### Associate Professors

Fisher, L.A., PhD	California (Berkeley)
Kelley, D.R., PhD	Georgia State
Zhang, S., PhD	Oregon

### Assistant Professors

Andrew, D., PhD	Florida State
Bemiller, J., JD	Tennessee
Dzikus, L., PhD	Ohio State
Fairbrother, J., PhD	Florida State
Fitzhugh, E., PhD	Alabama
Hardin, R.L., PhD	Tennessee
Klein, D., PhD	Arizona State
Koo, G., PhD	Florida State
McCutchen, M.G., EdD	North Carolina (Greensboro)
Milner, C.E., PhD	Leeds (UK)
Polite, F., PhD	Florida State
Waller, S.N., PhD	Michigan State

### Faculty Associate

Wirtz, M., MS	Florida
---------------	---------

### Internship Coordinator

## EXERCISE SCIENCE MAJOR

### Progression Requirements

Admission into the exercise science major requires a minimum undergraduate cumulative GPA of 2.50 after a minimum of 45 hours of coursework and completion of Exercise Science 100, Chemistry 120, and Physics 221.

Students must be admitted to the exercise science major prior to the completion of 75 hours of coursework. Only in exceptional circumstances will students be admitted to the major if more than 75 hours of college coursework have been completed, either at the University of Tennessee or elsewhere. Applications to the exercise science major can be obtained by visiting HPER 322. Once the application is complete and all requirements are met, students will be scheduled for a transcript evaluation with an exercise science faculty member.

Any professional courses, taken before or after progression into the exercise science program, must be passed with a minimum grade of C. No professional courses with a grade below C will be counted toward the major. Professional courses are Biochemistry and Cellular and Molecular Biology 230, all exercise science courses, and all professional electives.

Students admitted into the exercise science major must maintain a minimum cumulative GPA of 2.50 thereafter to remain in good academic standing and to register for all 400-level exercise science courses. Students with less than a 2.50 GPA for two consecutive semesters will be dropped from the program.

### Requirements for the Bachelor of Science in Education

#### • Exercise Science Major

First Year	Hours	Credit
Exercise Science 100	1	1
English 101*, 102*	6	6
Mathematics 123* and 125* or 141*-142* or 151* - 152*	6-8	6-8
Chemistry 120*, 130*	8	8
Psychology 110*	3	3
General Elective	3	3
Arts and Humanities Elective*	3	3
*1Proficiency in two activities		
Second Year	Hours	Credit
Physics 221*, 222*	8	8
Biochemistry and Cellular and Molecular Biology 230	5	5
Nutrition 100*	3	3
Health 310	3	3
Communication Studies 210* or 240*	3	3
English 295* or 360*	3	3
Cultures and Civilizations Elective*	3	3
Arts and Humanities Elective*	3	3
*1Proficiency in two activities		

**Third Year**

Exercise Science 325, 332, 350 . . . . .9  
 Sport Studies 290 . . . . .3  
 Sport Studies 231, 335, or 336 . . . . .3  
 Cultures and Civilizations Elective\* . . . . .3  
 Social Science Elective\* . . . . .3

 Exercise Science 260 . . . . .1  
 2Professional Electives . . . . .6

**Fourth Year**

3Exercise Science 414, 422, 480 . . . . .9  
 Statistics 201\* or Mathematics 115\* . . . . .3  
 4General Electives . . . . .6  
 2Professional Electives . . . . .10  
 5CPR Certification

**Total 120-122**

- \* Meets University General Education Requirement.
- 1 Proficiency in at least four activities. Proficiency: passing an activity course with a minimum grade of C or participation in an intercollegiate varsity sport. See advisor.
- 2 Professional elective courses passed with a minimum grade of C. See advisor for appropriate courses.
- 3 Exercise science students must have cumulative minimum GPA of 2.50 to register for and complete these courses.
- 4 See advisor for requirements for general electives.
- 5 Evidence of current CPR certification at time of graduation.

**RECREATION AND LEISURE STUDIES MAJOR**

The professional disciplines that comprise recreation and leisure studies prepare students for management and administrative positions in recreation and leisure. The recreation and leisure administration concentration provides students with an understanding of the role and impact of recreation and leisure in achieving and sustaining socioeconomic and political order in an increasingly culturally diverse society. A business minor is built into the curriculum, which makes graduates more competitive in the job market. Graduates of the program pursue careers with city/county parks and recreation departments, state and national parks, resorts and theme parks, campus recreation, and a variety of corporate settings.

The therapeutic recreation concentration prepares students for employment in management and leadership positions with agencies that deliver health care services. Graduates fulfill the eligibility requirements for National Council for Therapeutic Recreation Certification. Graduates are successful in securing employment in programs for mental health and mental retardation, physical rehab centers, drug and alcohol treatment centers, and community-based programs.

A minimum of a 2.50 GPA is required for progression to and retention in the program.

**Requirements for the Bachelor of Science in Education • Recreation and Leisure Studies Major • Recreation and Leisure Administration Concentration (Accredited in General Recreation by NRPA/AALR)**

<b>First Year</b>	<b>Hours Credit</b>
English 101*, 102*	.6

<b>Total 123-124</b>	

- \* Meets University General Education Requirement.
- 1 Recreation and Leisure Studies 290 and 390 are for majors only and are required prior to enrolling in senior internship.
- 2 Courses must be in addition to those specified for the major and must be elected from child and family studies, psychology, sociology, health, safety, recreation and leisure studies, special education, exercise science, sport studies.
- 3 A 2.50 GPA is required for enrollment in Recreation and Leisure Studies 310 and 490.

- 4 Must select one course from this group.
  - 5 Must meet guidelines for national NCTRC certification.
- NOTE: A 2.50 GPA is required for progression to the major. A minimum of 48 upper-division hours is required for graduation.

## SPORT MANAGEMENT MAJOR

The sport management major is designed for students interested in working in the sport industry. The program combines sport management and sport studies with a minor in business administration. The program concludes with a semester-long internship experience.

### Progression Requirements

Students must submit an application upon meeting the following minimum criteria.

- Minimum of 30 semester hours earned.
- Minimum 2.50 GPA for all college work.
- Completion of Sport Management 100 and 250 with a grade of C or better.
- Completion of English 101 and 102, and Mathematics 125 or 141.

### Board of Admissions

The Board of Admissions consists of the sport management program faculty and will meet at the end of each term to review applications. Applications must be submitted by December 1, May 1, or August 1 to be considered for the following term.

The Board of Admissions will base admissions decisions on applicants' academic qualifications, oral and written communication skills, experience in sport management, and expressed interest in sport management.

### Retention

Students admitted to the sport management major must maintain a minimum cumulative GPA of 2.50 to remain in good academic standing. Students who drop below the minimum for one semester will be advised of their status by letter. Students who are on probationary status may continue to enroll in 300-level or above sport management academic classes. Students who are below the minimum for two semesters will be advised by letter that they have been dropped from the major. Students who have been dropped from the major may reapply for admission once their GPA has improved to at least a 2.50.

-------------------	--------

**Emeriti Faculty**

Sachan, D., PhD	Illinois
Skinner, J., PhD	Oregon State

The Department of Nutrition promotes an understanding of nutrition for the enhancement of the physiological and social well-being of individuals and families across the lifespan through teaching, research and service. Students learn about nutritional needs from the smallest unit of the cell to the individual's needs throughout the lifecycle; the ways that attitudes and beliefs influence food patterns; the management of resources in food service and the properties of foods. Thus, departmental programs service society through graduates who are able to interpret and contribute to social needs in regard to nutrition and wellness, both as professionals and as responsible citizens.

The professional discipline of nutrition is rooted firmly in general education and provides a clearly defined base of professional knowledge. The foundation for the major includes basic sciences, i.e., chemistry, microbiology, physiology, and psychology. The natural sciences provide a base for understanding nutrient functions in the body and the social sciences to better understand cultural aspects of food and food related consumer needs. In addition, students with a strong research interest may prepare for research-oriented careers in laboratories or as graduate students in nutrition or other biomedical disciplines.

**NUTRITION MAJOR**

This major is designed for students interested in basic and applied sciences. Students are expected to acquire advanced education in chemistry. The Bachelor of Science in Health and Human Sciences with a major in nutrition is currently granted approval status by the Commission of Accreditation/Approval for Dietetics Education of the American Dietetic Association, 120 S. Riverside Plaza, Chicago, Illinois 60606-6995, (312) 899-0040, url <http://www.eatright.org/cade>. These requirements are regarded as the basic education component for the preparation of persons entering the dietetic profession. The generalist emphasis of this program prepares individuals to enter the dietetic profession in general dietetics and includes nutrition, foodservice systems management, management theory and principles and communication sciences including computer and statistical applications. Graduates are prepared to enter accredited dietetic internships. An internship experience completes academic and practice requirements for eligibility as a member of The American Dietetic Association and qualifies the graduate to apply for the Registration Examination to become a Registered Dietitian (RD). Students may receive more information from the department about RD requirements. RDs work as members of health care teams in acute care hospitals and community-based settings, home health care programs, college and university foodservice facilities, wellness clinics and private practice. Extension Service and food companies are also avenues of employment.

**Progression Requirements**

Students should apply for progression after completing Nutrition 100, 310, and Chemistry 350, and prior to enrolling in Nutrition 313 and 314. Applications are available in the departmental office or from the departmental Web site.

For progression into the major, students must meet the following criteria.

- Cumulative grade point average 2.40 or greater.
- Grade of C or better in each required nutrition prefix course.

For graduation, students must earn a grade of C or better in all required nutrition courses.

**Requirements for the Bachelor of Science in Health and Human Sciences • Nutrition Major**

---------------------	-------------------

The mission of the Department of Retail, Hospitality, and Tourism Management is to provide nationally and internationally recognized interdisciplinary programs that prepare professionals and serve organizations in the public and private sectors through teaching, research, and technology transfer.

## HOTEL, RESTAURANT, AND TOURISM MAJOR

The hotel, restaurant, and tourism major focuses on meeting the middle- and upper-level management needs of the food and lodging industry. It is a program that assists students in getting the breadth of knowledge, responsibility and creativity to meet the changing environment of complex management problems in industry. A business minor is built into the degree requirements.

The major requires extensive field experience. The curriculum provides a strong base in management and practical application of these skills. The general education electives help students to sharpen their analytical, conceptual, and communications abilities. Graduates may start as management trainees in restaurants, foodservice, hotels, support industries, or in tourism operations with subsequent upward mobility into management positions.

## Progression Requirements

Students should apply for progression into the major after completing at least three of the following Hotel, Restaurant, and Tourism 210, 211, 212, and 224 and prior to entering Hotel, Restaurant, and Tourism 390. Applications for progression are available in the departmental office.

For progression into the major, students must meet the following criteria.

- Cumulative grade point average 2.30 or greater for at least 30 semester hours completed.
- Grade of C or better in all hotel, restaurant, and tourism prefix courses.
- Successful completion of English 101, 102, and Mathematics 125.
- Complete 300 post-secondary school hours of industry related work for the chosen major. A complete list of appropriate work experiences is available in the departmental office.

For graduation, students must earn a grade of C or better in all hotel, restaurant, and tourism courses.

**RETAIL AND CONSUMER SCIENCES MAJOR**

Through a combination of classroom instruction and field-based experience, students prepare for entry-level positions in diverse occupations and for advanced education. The retail and consumer sciences major is one of the largest programs of this type in the southeast. Retailing is one of the fastest growing segments of our economy, and opportunities for employment will continue to be excellent through the 21st century.

Retail and consumer sciences provides students with knowledge of the retailing industry and the principles and theories involved in managing personnel and merchandising goods for the consumer. A business minor is built into the degree requirements. The progressive direction that this program takes provides graduates with excellent management opportunities in the retail sector.

This program requires field study experiences where students are guided by faculty in the selection of locations for on-the-job experiences related to their career area as a part of their educational program. Professional contacts made in field study experiences often lead to opportunities for career placement upon graduation.

**Progression Requirements**

Students should apply for progression into the major after completing Retail and Consumer Sciences 210, and prior to entering Retail and Consumer Sciences 390. Applications for progression are available in the department office.

For progression into the major, students must meet the following criteria.

- Cumulative grade point average 2.30 or greater with a minimum of 30 semester hours completed.
- Grade of C or better in all retail and consumer sciences prefix courses.
- Completion of English 101, 102, and Mathematics 125.
- Complete 300 post-secondary school hours of industry related work for the chosen major. A list of appropriate work experiences is available in the department office.

For graduation, students must earn a grade of C or better in all retail and consumer sciences courses.

**Total 121-122**

\* Meets University General Education Requirement.

<sup>1</sup> Select 12 hours from Retail and Consumer Sciences 320, 411, 412, 415, 421, 480, 482, 484, 493, 495, 497; Hotel, Restaurant, and Tourism 425; Materials Science and Engineering 220.

**Minor in Retail and Consumer Sciences**

<b>Required Courses</b>	<b>Hours Credit</b>
Retail and Consumer Sciences 210, 341	.6
Select 3 from Retail and Consumer Sciences 310, 346, 376, 412, 415, 421, 480	.9

**Total 15**

**DEPARTMENT OF THEORY AND PRACTICE IN TEACHER EDUCATION**

*Susan M. Benner, Head*

**Professors**

Allington, R., PhD	Michigan State
Benner, S., EdD	Columbia
Brewer, E., EdD	Tennessee
Davis-Wiley, P., EdD	Houston
Hargis, C., EdD	Northern Colorado
Hatch, J., PhD	Florida
Long, V. (Associate Dean), EdD	Missouri (Columbia)
McGill-Franzen, A., PhD	State University of New York (Albany)
Rider, R. (Dean), PhD	North Carolina
Rowell, C., EdD	George Peabody
Turner, T., EdD	Penn State
Ubben, G., PhD	Minnesota

**Associate Professors**

Anfara, V., PhD	New Orleans
Barclay-McLaughlin, M., PhD	Michigan
Bell, S., PhD	Tennessee
Cagle, L. (Associate Dean), EdD	Georgia
Davis, J., PhD	New Mexico
Gilrane, C., PhD	Illinois
Melear, C., PhD	Ohio State

**Assistant Professors**

Angelle, P., PhD	Louisiana State
Botzakis, S., PhD	Georgia
Broemmel, A., PhD	Southern Illinois
Brown, C., EdD	George Washington
Cady, J., PhD	Illinois State
Cihak, D., PhD	Georgia State
Groenke, S., PhD	Virginia Tech
Hagevick, R., PhD	North Carolina State
Hendricks, D., PhD	Alabama
Hodge, L., PhD	Vanderbilt
Patterson, F., EdD	Tennessee
Rearden, K., PhD	Texas A&M
Stairs, A., PhD	Boston College
Taylor, M., PhD	Missouri
Woolsey, L., PhD	Ohio State
Wooten, D., PhD	New York

## ART EDUCATION MAJOR

Students seeking licensure to teach art in the schools pursue the Bachelor of Fine Arts degree with a major in studio art or the Bachelor of Arts Degree with a major in studio art in the College of Arts and Sciences and will complete a major in art education at the undergraduate level. The undergraduate major in art education includes the following.

Required Courses	Hours Credit
Art Education 301 .....	.3
Art Education 302 .....	.3
Art Education 303 .....	.3
Art Education 400 .....	.3
Art Education 350 .....	.1
Educational Psychology 401 .....	.3
Special Education 402 .....	.3
Educational Psychology 210 .....	.3
Instructional Technology 486 .....	.3
<b>Undergraduate Total 25</b>	

The following courses are taken during the post-baccalaureate professional year. Students must apply to and be admitted by the Office of Graduate and International Admissions prior to registration.

	Hours Credit
Education 574 .....	.2
Education 575 .....	.12
Education 591 .....	.4
Art Education 530 .....	.3
Art Education 540 .....	.3
<b>Graduate Total 24</b>	

NOTE: Teacher licensure is granted at the successful completion of the professional year; 12 additional hours may be taken to complete the master's degree. For details, see the *Graduate Catalog*.

## SPECIAL EDUCATION MAJOR

### Requirements for the Bachelor of Science in Education • Special Education Major • Educational Interpreting Concentration

First Year	Hours Credit
English 101*, 102* .....	.6
Arts and Humanities Elective* .....	.3
Social Sciences Elective* .....	.3
Natural Sciences Electives* .....	.7-8
Elective .....	.3
Physical Education Activity or Recreation Therapy Elective .....	.3
Quantitative Reasoning Electives* .....	.6
Second Year	
Communication Studies 210* or 240* .....	.3
Communicating through Writing (WC) Elective* .....	.3
Elective .....	.3
History 241*, 242* .....	.6
Arts and Humanities Elective* .....	.3
Social Sciences Elective* .....	.3
Educational Interpreting 223 and 226 .....	.6
Third Year	
Instructional Technology 486 .....	.3
Philosophy 340* .....	.3
Educational Psychology 210 .....	.3
Psychology 300 .....	.3
Educational Psychology 401 .....	.3
Educational Interpreting 431, 432 .....	.6
Educational Interpreting 335 .....	.3
Educational Interpreting 340 .....	.3
Educational Interpreting 350 .....	.3
Educational Interpreting 355 .....	.3
Fourth Year	
Cultures and Civilizations Electives* .....	.6
Education of the Deaf/Hard of Hearing 415, 416, 425 .....	.9
Educational Interpreting 345 .....	.3
Special Education 402 .....	.3
Educational Interpreting 435 .....	.3
Educational Interpreting 440 .....	.6
<b>Total 121-122</b>	

\* Meets University General Education Requirement.

NOTE: Progression to the educational interpreting concentration requires a 2.70 cumulative GPA after a minimum of 30 semester hours of coursework and completion of Educational Interpreting 223 and 226 with a grade of B or better in both courses. A Board of Admissions will meet once each fall and spring to review applications and conduct interviews with each applicant. Students admitted to the program must maintain a minimum cumulative GPA of 2.70 while in the program. Students with less than a 2.70 GPA for two consecutive semesters will be dropped from the program. Students who fail to meet the standards for professional conduct during the course of their fieldwork will not be retained in the major.

### Requirements for the Bachelor of Science in Education • Special Education Major • Education of the Deaf and Hard of Hearing Concentration

First Year	Hours Credit
English 101*, 102* .....	.6
Arts and Humanities Elective* .....	.3
Anthropology 130* .....	.3
Cultures and Civilizations Electives* .....	.6
Natural Sciences Elective* .....	.3-4
Physical Education Activity or Recreation Therapy Electives .....	.2-3
Mathematics 113*-115* or 123*-125* .....	.6
Second Year	
Communication Studies 210* or 240* .....	.3
Literature Elective .....	.3
Educational Interpreting 223 .....	.3
Psychology Elective .....	.3
General Elective .....	.3
Biological Science Elective .....	.4
<sup>1</sup> Natural Sciences Elective* .....	.3-4
<sup>2</sup> Communicating through Writing Elective* .....	.3
Sociology Elective .....	.3
Third Year	
Educational Interpreting 226 .....	.3
Instructional Technology 486 .....	.3
Philosophy 246* .....	.3
Social Sciences Elective* .....	.3
Educational Psychology 210 .....	.3
Health 305 or 306 .....	.3
Educational Interpreting 431 .....	.3
Educational Psychology 401 .....	.3
Special Education 402 .....	.3
Educational Methods (see advisor) .....	.6
Fourth Year	
Arts and Humanities Elective* .....	.3
Educational Interpreting 432 .....	.3
Education of Deaf/Hard of Hearing 410, 415, 416, 419, 425 .....	.16
Audiology and Speech Pathology 303 and 473 or Education of the Deaf/Hard of Hearing 424 .....	.6
Audiology and Speech Pathology 494 .....	.3
<b>Undergraduate Total 121-124</b>	

The following courses are taken during the post-baccalaureate professional year. Students must apply to and be admitted by the Office of Graduate and International Admissions prior to registration.

	Hours Credit
Education 574 .....	.2
Education 575 .....	.12
Education 591 .....	.4
Education of the Deaf/Hard of Hearing 528, 529 .....	.6
<b>Graduate Total 24</b>	

- 1 A physical or biological science course to complete science sequence.
- 2 Any course with a (WC) designation satisfies this requirement.

		<b>Undergraduate Total 121</b>

The following courses are taken during the post-baccalaureate professional year. Students must apply to and be admitted by the Office of Graduate and International Admissions prior to registration.

	<b>Hours</b>	<b>Credit</b>
Education 575	12	.12
Elementary Education 505	6	.6
Education 574	2	.2
Education 591	4	.4
		<b>Graduate Total 24</b>

- \* Meets University General Education Requirement. Students must meet the University General Education Requirement for Communicating through Writing by selecting a course with a (WC) designation.
- <sup>1</sup> At least two of these three (sociology, political science, economics) should be from those social sciences courses that are approved for partial fulfillment of the University General Education requirement.
- <sup>2</sup> Must include a total of 2 lab sciences from the University General Education natural sciences list.
- <sup>3</sup> Intermediate-level competence.

**Teaching Minors**

Students who are earning a baccalaureate degree in the College of Arts and Sciences and who are also seeking teacher licensure in elementary education, English education, foreign language education, mathematics education, music education, science education, or social science education are urged to earn a minor in elementary, middle grades, or secondary education. Students who do not earn a minor as a part of their undergraduate studies will be required to complete the equivalent of a minor as a prerequisite to entering the fifth year of professional study.

Students should note that courses taken to satisfy the minor will not fulfill teacher licensure requirements.

**Minor in Elementary Education**

Students interested in becoming elementary school teachers (K-grade 6) earn a Bachelor of Art or a Bachelor of Science in the College of Arts and Sciences. While completing requirements for the baccalaureate degree, students are encouraged to take a minor in elementary education.

	<b>Hours</b>	<b>Credit</b>
<b>Required Courses</b>		
Educational Psychology 210	3	.3
Information Sciences 330	3	.3
Reading Education 430	2	.2
Instructional Technology 486	3	.3
Educational Psychology 401	3	.3
Special Education 402	3	.3
Elementary Education 351	2	.2
Elementary Education 422	6	.6
		<b>Undergraduate Total 25</b>

The following courses are taken during the post-baccalaureate professional year. Students must apply to and be admitted by the Office of Graduate and International Admissions prior to registration.

	<b>Hours</b>	<b>Credit</b>
Education 574	2	.2
Education 575	12	.12
Education 591	4	.4
Elementary Education 505	6	.6
		<b>Graduate Total 24</b>

NOTE: Teacher licensure is granted at the successful completion of the professional year; 12 additional hours may be taken to complete the master's degree. For details, see the *Graduate Catalog*.

**Minor in Middle Grades Education**

Students interested in becoming middle school teachers (grades 4-8) earn a BA or BS in the College of Arts and Sciences in either mathematics, English, an area of science (e.g., astronomy, biology, chemistry, geology, physical geography, physics, environmental science) or one of the social sciences (e.g., history, geography, political science, anthropology, sociology, economics). Students who have pursued programs in engineering or forestry may have coursework that may count in this area.

Students also complete a minor in middle grades education which consists of a minimum of 12 credit hours in one of the other four content areas: mathematics, science, social science, or English, as well as the professional education core courses (6 hours) as outlined below. Contact advisors in the college's Student Services Center, A332 Claxton Complex, for more information about specific requirements. The coursework listed below leads to middle grades licensure.

	<b>Hours</b>	<b>Credit</b>
<b>Professional Education Core</b>		
Educational Psychology 401	3	.3
Special Education 402	3	.3
<b>Coursework in Second Content Area</b>		
12 hours as approved by an advisor	12	.12
		<b>Undergraduate Total 18</b>

The following courses are taken during the three semesters beginning in the summer prior to the internship year. Students must apply to and be admitted by the Office of Graduate and International Admissions prior to registration.

	<b>Hours</b>	<b>Credit</b>
Theory and Practice in Teacher Education 542	6	.6
Education 574	2	.2
Education 575	12	.12
Education 591	4	.4
Theory and Practice in Teacher Education 543	3	.3
English Education 543, Mathematics Education 543, Science Education 543, or Social Science Education 543	3	.3
Reading Education 543	3	.3
		<b>Graduate Total 33</b>

Note: Teacher licensure is granted at the successful completion of this coursework; 3 additional hours may be taken to complete the master's degree. For details, see the *Graduate Catalog*.

**Minor in Secondary Education**

Students interested in becoming secondary school teachers (K-grade 6) earn a Bachelor of Arts or a Bachelor of Science in the College of Arts and Sciences (e.g., English, mathematics, etc.). While completing requirements for the baccalaureate degree, students are encouraged to take a minor in secondary education.

<b>Required Courses</b>	<b>Hours Credit</b>
Educational Psychology 210 .....	3
Theory and Practice in Teacher Education 352 .....	1
Theory and Practice in Teacher Education 355 .....	3
Educational Psychology 401 .....	3
Special Education 402 .....	3
Instructional Technology 486 .....	3
<b>Undergraduate Total 16</b>	

The following courses are taken during the post-baccalaureate professional year. Students must apply to and be admitted by the Office of Graduate and International Admissions prior to registration.

	<b>Hours Credit</b>
Education 574 .....	2
Education 575 .....	12
Education 591 .....	4
English Education 461 .....	3
Social Science Education 454, Foreign Language/ESL	
Education 454, English Education 459, Mathematics	
Education 485, Science Education 495 .....	3
<b>Graduate Total 24</b>	

NOTE: Teacher licensure is granted at the successful completion of the Professional Year; 12 additional hours may be taken to complete the master's degree. For details, see the *Graduate Catalog*.
